Approved by the Board of Education

Welcome to Jonathan Dayton High School (JDHS)

This document is a streamlined, easy-to-read handbook for our students and parents that explains the many policies and procedures that help us maintain a structured, safe school. Every student and parent must take the time to read through the handbook and become familiar with the policies and procedures at JDHS. Included are items such as attendance, conduct, grading, and schedules, to name a few.

Our handbook is a living document, and thus changes are made as needed. Major changes will be communicated to parents and students via letters, memos, emails, and on the website (<http://www.springfieldschools.com>). This publication is revised and updated every year. We encourage you to make suggestions to help us make this handbook as useful as possible.

Academic Program

Academic Recognition

- HONOR ROLL - At the end of each marking period, students who meet the requisite course averages are recognized by being placed on the JDHS Honor Roll.
 - Students who have a 90 or above in all of their courses are placed on the Principal's HONOR ROLL.
 - Students who have an average of 82 or above in all of their courses are placed on the HONOR ROLL.
- NATIONAL HONOR SOCIETY CONSIDERATION (JUNIORS AND SENIORS) - All students with a weighted GPA of 3.7 or higher are invited to submit an application to the JDHS chapter of the National Honor Society. Applications are reviewed by the NHS Faculty Council, and students are notified regarding induction.
- JDHS ACADEMIC SCHOLARS OF DISTINCTION (SENIOR RECOGNITION) - Each year, the two senior students with the highest GPAs are recognized as the JDHS Academic Scholars of Distinction. These students receive recognition from the Union County Superintendents' Association and are extended the opportunity to speak at commencement.
- DISTINGUISHED SCHOLAR AWARD (SENIOR RECOGNITION) - Each year, the top 20 senior students, per GPA, are recognized by the Springfield Lions Club as Distinguished Scholars.

Course Recommendation Procedures

Grouping provides differentiated learning experiences for students, with groups varying in learning tasks, instructional methods, and pace. The degree of grouping depends on factors such as the offering's nature, student enrollment, and departmental application.

Consideration for grouping includes:

- Current academic achievement and previous performance in related subjects.
- Reading ability (measured by tests and observations).
- Writing ability (measured by samples).
- General scholastic ability (measured by test instruments).
- Work-study habits, motivation, effort, diligence, perseverance, and maturity.

The professional staff makes placement decisions based on the above criteria. A student or

parent may initiate a request for specific group placement. If a review is needed, each case is considered individually. The high school guidance department adjusts schedules based on individual student needs and abilities.

If a student or parent requests an override for placement, the student is expected to commit to staying in that group. Mid-year schedule changes may not be feasible and could delay graduation progress. Parents must indicate understanding of this via email or a signed letter for override approval. The request must be sent to the school counselor and received by March 26th. Principal approval is required.

Groupings include:

- Advanced Placement (AP): College-level courses following College Board guidelines.
- Honors (H): Advanced-level courses for students prepared for greater independent, in-depth work.
- College Prep (CP): Regular level courses.

Note regarding Advanced Placement (AP) examinations: Students in AP courses must take the associated AP Examination. The Springfield Board of Education pays for the exam. Families must reimburse the district for missed examinations. Students should contact their school counselor for any issues about their ability to take AP Examinations.

Dropping and Adding Courses

With principal approval, students may drop a course before the following dates without it appearing on their transcript:

- Full Year Course: October 3rd
- Semester 1 Course: September 19th
- Semester 2 Course: February 13th

The dates indicated for semester courses are also the last dates a semester course can be added.

Grading Procedures

Marking Periods - There are two marking periods for a one-semester course and four for a full-year course. Each marking period grade receives equal weight in computing the final average. One mid-term grade is recorded for Health Education. The lowest average a student can earn per marking period is 50%. For midterm and final exams, students receive the grade earned.

Mid-term, Final Exam, Product or Project - A midterm examination and a final examination, product, or project are required in all full-year subjects. If either is not completed, a grade of "I" (incomplete) will be recorded for both the exam/project and the course. The examination

product or project is weighted one-tenth in computing the course average.

In a full-year course, each marking period grade is multiplied by 2; the mid-term and final examination product or project grades are multiplied by 1; the total is divided by 10.

Final Average - Before an "F" is recorded for the last marking period, the teacher must notify the parent in writing that the student is in danger of failing. The teacher's notice will be copied to the student's school counselor and the building principal.

Grade Values:

Grade	Percentage
A+	98 - 100
A	92 - 97
A-	90 - 91
B+	86 - 89
B	82 - 85
B-	80 - 81
C+	76 - 79
C	72 - 75
C-	70 - 71
D	65 - 69
F	Below 65

Final Examination Exemptions

Final Examination Exemption For Senior Year Students:

Exemptions for seniors are at the discretion of the classroom teacher. Only senior year students may be exempt from final examinations. A senior is defined as a student who has earned at least 95 credits.

Advanced Placement Exemption:

All students in AP classes are eligible for a final examination exemption regardless of grade level, provided they take the AP Test and have an "A" average in the final two marking periods of the class. Students achieving a score of "5" on their AP exam may receive a final average adjustment at the teacher's discretion. Exemptions are based on a cumulative average of "A" or greater during the third and fourth marking periods of a full-year course or both marking periods of a half-year course. The cumulative average is the average of the report card grades for each marking period.

Students who qualify for an exemption may choose to take the examination; however, the final examination will be used in calculating the final average in such cases. The exemption applies only to final examinations; no student is exempt from completing a final project, regardless of grades. For exempt students, the final average is computed based on marking period grades and the mid-term examination.

Incomplete Grades

A teacher may enter "I" for a marking period grade if a student is allowed to complete and submit late work. Students have 10 days from the end of a marking period to submit the work. If the work is not submitted within the 10 days, the "I" will become an "F."

Graduation Requirements

All completed courses count towards graduation requirements, with certain required subjects included. All students must complete a core curriculum of academic courses essential for all citizens, regardless of post-high school objectives. Students need a minimum of 130 credits to graduate.

By New Jersey State graduation requirements (N.J.A.C.6 A:8-5.1) and Springfield Public Schools High School Graduation Policy No. 5460, the requirements for a Jonathan Dayton High School diploma are:

Course Category	Minimum Credits
Language Arts Literacy	20 credits
Mathematics	20 credits
United States History	10 credits
World History	5 credits
Science (Laboratory/inquiry-based course)	15 credits
Physical Education and Health	15 credits

Visual and Performing Arts	5 credits
World Languages	10 credits
Economic and Financial Literacy	2.5 credits
21st Century Life and Career/Practical Arts	5 credits
Electives	To reach 130 total

High School Graduation Testing Requirements

The State of New Jersey tests students in English Language Arts, Mathematics, and Science through the New Jersey Student Learning Assessments (NJSLA). Refer to the NJDOE website for updates and specific information regarding assessment graduation requirements:

<https://www.nj.gov/education/assessment/>

NJGPA - Statute requires the State graduation proficiency assessment for all 11th-grade students (N.J.S.A. 18A:7C-6). NJGPA measures graduation readiness in English Language Arts (ELA) and Mathematics. The ELA component aligns with grade 10 standards, and the Mathematics component aligns with Algebra I and Geometry standards. Special Education students with IEPs specifying alternative proficiencies will follow their IEP's graduation assessment requirements.

Volunteer Hours

Students at JDHS must complete 30 hours of community service and/or volunteer work each year. This is a mandate from the Springfield Public School District.

- Freshmen and Sophomores are REQUIRED to submit documentation by JUNE 1ST of the academic year.
- Juniors and Seniors are REQUIRED to submit documentation by MARCH 15TH of the academic year.

For forms and additional information, visit the volunteer hours page of the JDHS website:

<https://www.springfieldschools.com/1/Content2/106>

Promotion Policy

To be promoted to the next grade level, students must earn the following minimum credits in required courses:

- Sophomore Status: Minimum of 30 credits
- Junior Status: Minimum of 65 credits
- Senior Status: Minimum of 95 credits

Student Participation

Students will be informed of course goals and evaluation criteria. They are responsible for actively participating in classroom activities and adhering to rules, expectations, and procedures. If parents or guardians request that their student not participate in state-required Comprehensive Health Education Curriculum units on Family Life, alternative activities will be provided.

Attendance

The Board of Education requires students enrolled in Springfield Public Schools to attend school regularly, by the State of New Jersey (N.J.A.C. 6:8-4.7 (2) (d) (2)).

Students with excessive unexcused absences will receive an attendance letter. Notices are sent in increments of 5 for daily attendance accounting. Students with excessive absences and/or tardiness (excused and unexcused) may be referred to the school's Intervention and Referral Service team (I&RS). At the I&RS team's discretion, students with a pattern of absences may be referred to staff and/or outside agencies for intensive interventions. The school counselor, as part of the I&RS team, will consult with the student and parents/guardians, verify absence reasons, and determine appropriate interventions.

All students must be in school for a minimum of four hours to be considered present for the day, meaning a student must sign in to the Main Office before 10:30 a.m. to receive attendance credit. Students requesting early dismissals before 11:40 a.m. will be recorded as absent for the day for participation purposes.

Reporting a Student Absent

Whenever a student is absent, a parent or guardian must report it through the Genesis Parent Portal. Any related documentation (e.g., medical notes) must also be uploaded directly to the portal. Parents who do not submit a notification will receive an automated call and text reminder. Repeated failure to report absences may result in the school contacting appropriate authorities. The JDHS attendance desk can be reached at 973-376-1025.

Notes for Absences

A note does NOT automatically result in an "excused" or "non-chargeable" absence. All notes must be uploaded to the Genesis parent portal within 5 school days of the student's return. Submitted notes will be referenced in the event of a loss of credit appeal.

Absences and Extracurricular/Athletic Participation

When a student is absent for unauthorized reasons, they are excluded from all school activities on the day of absence, including: class activities, student council, school trips, band or chorus rehearsals, practices, performances, club activities, dances, proms, and athletic

games or practices. The student is ineligible for extra-curricular participation until they have been in attendance for one full school day. Friday absences negate participation in Saturday and Sunday activities.

Absences for Vacation Purposes

Absences for vacations are neither "excused" nor "non-chargeable" and will count towards allowable absences. Parents must notify the school of such absences as far in advance as possible, in writing to the principal. For such an absence to be considered in an attendance appeal, the request must be made BEFORE the vacation absences occur.

Excused Absences

Students may miss school only for the following reasons:

- Work approved or sponsored by the school, SPS, or MSDE
- Death in the immediate family
- Student illness and well-being concerns (principal may require a physician's certificate for chronic/extended illness)
- Court summons
- Hazardous weather conditions endangering a student on the way to or from school
- Doctor/Medical appointments
- Observance of a religious holiday (approved by the State Board of Education, recorded as "R" and may not count for loss of credit; a note is required)
 - See the official site for the State of NJ:
<https://www.nj.gov/education/holidays.shtml>
- State emergency
- Suspension
- Lack of authorized transportation (e.g., the school bus does not show up)
- College Visit - Up to 3 days per school year, ONLY for students in grades 11 and 12. Notes from the College Admissions or Registrar's office are due to the main office within 5 school days of the student's return.
- Permission from the principal - Parents may request (excusal for cause) by writing to the principal, per BOE policy 5230.

Unexcused Absences

An absence not excused by the above conditions is unexcused. If a student has an unexcused absence, they will receive an unexcused absence in each class missed. Generally, students are precluded from participating in extracurricular activities on a day they have an unexcused absence.

Unauthorized student "cut days" (e.g., "Senior Cut Day," days before/after vacations or long weekends, days after Prom) are NOT authorized. Students will be charged an unexcused absence for the day and each class missed. If the absence is not submitted by a parent on the

Genesis parent portal, the student will be considered truant.

Leaving the School Building/Grounds

Students seeking authorization to leave the school building during the school day must do so only through the Main Office. Students who leave without proper authorization, regardless of reason, will be subject to disciplinary action and may be subject to drug screening at the principal's discretion.

Students under 18 and those 18 or older who are not emancipated cannot leave unless released via the main office into the custody of a parent/guardian. Parents/guardians are responsible for notifying the school in writing of authorized adults to take custody of their child. This information must be recorded in the Genesis parent portal, under Contacts. Designated emergency contacts should be prepared to show identification. **STUDENTS WILL NOT BE RELEASED TO AN ADULT WHO IS NOT ON RECORD AS AN EMERGENCY CONTACT.**

Emancipated students (18+) may sign themselves out via the Main Office only. Such absences are neither excused nor non-chargeable.

Senior Lunch Privilege

Senior students in good standing may leave the building during their lunch period. If a student has a study hall immediately before or after lunch, they may use this time to extend their lunch period. To leave, senior students must present their student ID at the designated exit and sign out. If a student does not have their ID, they will not be permitted to leave. These protocols are in place to ensure that students entering and exiting the building can be properly identified by supervising staff.

Students are not permitted to drive during lunch.

Class Attendance

When students miss a class for any reason, they are considered absent from that class, and an absence is recorded towards their total allowable absences for the year. If a student exceeds the maximum allowable absences for a course, they will automatically lose credit for the course.

Loss of Credit will be applied on:

- 5th absence in a quarter-year course (Health Education - with lab)
- 7th absence in a quarter-year course (Health Education - no lab)
- 10th absence in a semester course
- 19th absence in a full-year course

Appeal of Loss of Credit due to Attendance Issues

Should a student receive notification of loss of credit, their parent/guardian may file an appeal

in writing to the principal within 10 school days of the student exceeding the absences. The letter or email must include the student's name and course name. A copy of the notification of loss of credit should be included with the appeal. Parents will be notified of the appeal outcome.

Make Up Work for Absences

It is important for students to make up missed work regardless of the absence's legitimacy. Teachers may assign equivalent, but different, tasks or assessments upon a student's return. For unexcused absences, teachers may deny credit for missed assignments or assessments, per principal and leadership team approval. Students and/or parents must communicate directly with the teacher about make-up work. It is the student's responsibility to seek out work in advance and upon return, and to determine missed work and deadlines.

Cutting Class

A student with an unauthorized absence from a class will be referred to the assistant principal for disciplinary action. The student may not receive credit for missed assignments or tests at the teacher's discretion.

Tardiness

Prompt arrival at school and class is expected to ensure orderly conduct. Tardiness hinders school activities. A student tardy to any class will face disciplinary action. Consequences for accumulated tardiness may include detention, unexcused school day absence, and loss of credit.

Tardy to School

Excessive tardiness to school will result in disciplinary action, including but not limited to: after-school detentions, Saturday detention, and loss of student privileges. Daily tardiness to school is counted separately from class tardiness and monitored by the attendance desk. The 5th tardy results in an Extended School Day detention (ESD).

Tardy to Class

A student late to any class is responsible for missed work. Tardiness will result in disciplinary action, including but not limited to: after-school detentions, Saturday detention, loss of assignment credit, and potential loss of course credit. Tardiness to class is counted and monitored by the teacher. Students will be marked tardy within the first 21 minutes of a class period for late arrival. Students missing more than 50% of a class period will be marked absent, unless a legitimate reason is determined. The 5th tardy results in an Extended School Day detention (ESD).

Truancy

Truancy is defined as a cut from school not excused by the administration or verified by a parent. An attendance officer (or designated school official) identifying a truant student will

take steps to ensure safety:

- Make parent contact.
- Coordinate with law enforcement as necessary to facilitate the student's return to the parent/guardian or school.
- Apply disciplinary consequences to the student.

Truancy - 10 or More Consecutive Days

For cumulative unexcused absences of 10 or more days, a student between the ages of six and 16 is truant, per law. The district shall:

- Determine the need for a court referral for truancy.
- Make a reasonable attempt to notify parents of the mandatory referral.
- Continue to consult with parents and agencies to support the student's return to school.
- Cooperate with law enforcement and other authorities.
- Follow procedures required by N.J.S.A. 18A:38-28 through 31, Article 3B, Compelling Attendance at School.

The school principal (or designee) shall notify the parent/guardian in writing to cause the student to attend school within five days from notice service, and regularly thereafter. Failure to comply will result in the school district filing truancy charges with the municipal court.

Pupil Grievance Procedure

Any student/parent with a grievance must follow these sequential steps; no step shall be skipped.

1. Pupil-Teacher Conference: The student calmly and respectfully explains the grievance, and the teacher considers the student's point(s).
2. Pupil & Parent Contact with Teacher: The pupil and their parent conference (via meeting, call, or email) with the teacher to attempt resolution. Contact the school counselor to make an appointment, which will include the teacher, supervisor, and school counselor.
3. Pupil & Parent Contact with Supervisor: The pupil and their parent conference (via meeting, call, or email) with the supervisor to attempt resolution. At the supervisor's discretion, the teacher may be included. If no satisfactory resolution, the parent may appeal in writing to the principal.

Note: For the complete procedure, see the Appendix.

Affirmative Action/504/ADA Compliance

Jonathan Dayton High School complies with Affirmative Action/504/ADA regulations. See the

Appendix for the full policy.

Emancipated Students

To be recognized as emancipated by school officials, a student must be 18 years or older and complete the emancipation form, available in the main office. The Board of Education recognizes the right of students and parents/ guardians to grieve educational and/or administrative issues arising within the District and to seek relief via orderly and equitable procedures. In addition, they may grieve issues dealing with equality in education, affirmative action, discrimination, or sexual harassment. Discrimination is defined operationally as an act based upon bias as related to race, color, creed, religion, sex, ancestry, national origin, social or economic status, or handicapping condition. The Board of Education also recognizes the responsibility of the school administration to develop and implement an orderly and equitable pupil/parent grievance procedure.

- A. Any student(s) or parents/guardians having a grievance with the educational or administrative processes of a particular school or the District or against a specific member of the faculty or administrative staff of one of the schools within the District shall make every effort to resolve such grievance in informal conferences with the staff member directly concerned within five days of the incident which caused or led to the grievance. Failure to act within that time shall constitute abandonment of such grievance.
 1. All conferences shall be carried out in an atmosphere of mutual goodwill and respect.
 2. No more than three students and/or three sets of parents/ guardians shall be involved in a single grievance conference. Grievances involving more than this number of people shall require designated representatives to attend the conference.
- B. If the grievance cannot be resolved at the informal conference level outlined in A, the grievant(s) shall file a written statement with the school principal setting forth the following information:
 1. A brief statement of the specific nature of the grievance;
 2. A brief statement of the relief desired;
 3. A brief statement of the reasons why the grievant believes he/she is entitled to the relief sought;
 4. Whether the grievant(s) desires the school student council officers to make a non-binding recommendation concerning the grievance. If such a recommendation of the student council officers is desired, the principal shall, within two days, transmit a copy of the grievance to the student council and request its recommendation. The student council officers shall furnish their recommendation to the principal within five days of receipt of a copy of the grievance. The school principal shall furnish a copy of the grievance to the member of the faculty or administrative staff involved. Upon receipt of a grievance, the principal shall promptly schedule a conference with the grievant(s) and the members of the faculty or administrative staff involved. The principal shall render a written decision within five days following the conference and shall furnish copies of such decision to the grievant(s), the staff member, and the Superintendent.
- C. If either the grievant(s) or the staff member is dissatisfied with the decision of the principal, the grievant shall, within five days of receipt of the written decision, file a written statement with the Superintendent, with copies to the principal and the other party, briefly stating the reasons upon which the appeal is based. Upon receipt of the grievance appeal, the Superintendent may decide the grievance upon the written statements submitted by the parties, hold a conference with the grievant(s) and the staff member involved, or take whatever other actions the Superintendent shall deem appropriate. The Superintendent shall render a written decision to the grievant(s), the staff member, and the principal within five days following the conference (if this is necessary).
- D. If either the grievant(s) or the staff member is dissatisfied with the decision of the Superintendent, the grievant may appeal such decision to the Board of Education by filing within five days of the rendering of the Superintendent's decision, a written notice of appeal with the Board Secretary/School Business Administrator of the Board of Education. The notice of appeal shall briefly state the basis of the appeal, and copies shall be furnished to the other party, to the principal, and the Superintendent. The Board of

- E. The action of the Board shall be binding on all parties, subject, however, to such further review as may be available under the provisions of Title 18A. The following provisions have general application to the grievance procedure set forth above:
 - 1. No step of this procedure may be bypassed on the way to a higher level, except that a grievance based upon a previous grievance decision will be initiated at the level of such previous grievance decision.
 - 2. Nothing contained in this policy shall be considered to require a grievant to follow the grievance procedure set forth herein where another method of review is provided for under the provisions of Title 18A. Where another method of review is provided for by Title 18A, the grievant(s) shall have the discretion to invoke such method of review or this grievance procedure.
 - 3. The invocation of the grievance procedure shall not relieve the grievant(s) of the responsibility of complying with any order which may have been issued unless the implementation of said order shall have been stayed by the Superintendent of Schools or by the Board of Education.
 - 4. No punitive action of any kind shall be taken against any grievant(s) solely on account of having filed a grievance.
 - 5. All information elicited during any stage of the grievance procedure shall remain confidential, unless such information is specifically made accessible to the public by state or federal law or all parties involved agree to disclose such information to the public.

D. Reporting, Notification, and Examination Procedures

1. Students Suspected of Using Anabolic Steroids – N.J.A.C. 6A:16-4.3(b)

a. Whenever a teaching staff member, certified or non-certified school nurse, or other educational personnel has reason to believe that a student has used or may be using anabolic

steroids, the person shall report the matter as soon as possible to the principal or, in the principal's absence, to a person designated by the principal and either the certified or non-certified school nurse, the school physician, or the student assistance coordinator.

b. In response to a report of suspected anabolic steroid use, including instances when a report is made to law enforcement, the principal or designee shall immediately notify the student's parent and the Superintendent. The principal or designee shall arrange for an examination of the student by a physician licensed to practice medicine or osteopathy selected by the parent.

(1) If the physician chosen by the parent is not available to perform the examination, the examination shall be conducted by the school physician or other physician identified by the principal.

(2) The student shall be examined as soon as possible to determine whether the student has been using anabolic steroids.

c. The Superintendent or designee may disclose to law enforcement authorities the identity of a student suspected to have used or to be using anabolic steroids.

(1) The Superintendent or designee shall disclose to law enforcement authorities the identity of a student reasonably believed to have used anabolic steroids or related paraphernalia or a student reasonably believed to be involved or implicated in distribution activities involving anabolic steroids.

d. The examining physician shall provide to the parent, principal, and Superintendent a written report of the examination.

e. If it is determined the student has used anabolic steroids, an individual who holds the Educational Services Certificate with the student assistance coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds one of the following educational services certificate endorsements: school nurse, school nurse/non-instructional, school psychologist, school counselor, school social worker, or student personnel services and is trained to assess alcohol and other drug abuse shall interview the student and others, as necessary to determine the extent of the student's involvement with and use of anabolic steroids and the possible need for referral for treatment.

(1) To make this determination, the school staff member(s) identified above may conduct a reasonable investigation, which may include interviews with the student's teachers and parents and consultation with experts in student alcohol or other drug abuse.

f. If results of a referral for evaluation positively determine the student's involvement with and use of anabolic steroids represents a danger to the student's health and well-being, the school staff member (s) identified in D.1.e. above who is trained to assess alcohol and other drug abuse shall initiate a referral for treatment to appropriate community agencies as defined in N.J.A.C. 6A:16-4.1(b), to out-of-State agencies licensed by the appropriate State regulatory agency for alcohol and other drug services, or to private practitioners certified by the appropriate drug and alcohol licensing board.

2. Students Suspected of Being Under the Influence of Alcohol or Other Drugs Other Than Anabolic Steroids – N.J.A.C. 6A:16-4.3(a)

a. Any educational staff member or other professional to whom it appears that a student may be currently under the influence of alcohol or other drugs on school grounds shall report the matter as

soon as possible to the principal or, in his or her absence, to his or her designee and either the certified school nurse, non-certified school nurse, school physician, or student assistance coordinator, pursuant to N.J.S.A. 18A:40A-12.

(1) In instances where the principal and either the certified school nurse, non-certified school nurse, school physician, or student assistance coordinator are not in attendance, the staff member responsible for the school function shall be immediately notified.

(2) The referring staff member shall file with the principal a report describing the incident. The form shall include all information necessary for a complete, accurate reporting on the Student Safety Data System (SSDS) according to N.J.S.A. 18A:17-46 and N.J.A.C. 6A:16-5.3.

b. In response to every report by an educational staff member or other professional of suspected student alcohol or other drug use, including instances when a report is made to law enforcement, the principal or designee shall:

(1) Immediately notify the student's parent and the Superintendent or designee;

(2) Arrange for an immediate medical examination of the student to provide appropriate health care and to determine whether the student is under the influence of alcohol or other drugs, other than anabolic steroids; and

(3) Any substance screening conducted by the school nurse and/or other staff is not a substitute for the required medical examination required in N.J.S.A. 18A:40A-12.

c. The Superintendent or designee may disclose to law enforcement authorities the identity of a student suspected to be under the influence of alcohol or other drugs.

(1) The Superintendent or designee shall disclose to law enforcement authorities the identity of a student reasonably believed to be in possession of a controlled dangerous substance or related paraphernalia or a student reasonably believed to be involved or implicated in distribution activities regarding controlled dangerous substances.

d. The medical examination shall be performed by a physician licensed to practice medicine or osteopathy who is selected by the parent.

(1) The parent will be provided, in writing, the minimum requirements for the immediate medical examination, which will include, but not be limited to, the substances to be tested by the physician, the cut-off levels of each substance to be tested, the time period the immediate medical examination must be conducted, and any other requirements of the examination.

(2) The examination shall be at the expense of the parent and not the district Board of Education.

e. If the physician chosen by the parent is not immediately available, the medical examination shall be conducted by the school physician.

(1) If the school physician is not available, the student shall be accompanied by a member of the school staff designated by the principal to the emergency room of the nearest hospital for examination.

(2) The student's parent, if available, shall also accompany the student.

(3) When the medical examination is conducted by the school physician or a physician at the emergency room of the nearest hospital, the examination shall be at the expense of the district Board of Education.

f. The Board of Education will have a plan in place for the appropriate supervision of the student:

(1) While waiting for a parent to take the student to the physician selected by the parent, or while the student is waiting for and receiving the medical examination by the school physician or the physician in an emergency room; and

(2) Provisions will be made for the appropriate care of the student while awaiting the results of the medical examination.

g. A written report of the medical examination of the student shall be furnished to the student's parent, the principal, and the Superintendent of Schools by the examining physician within twenty-four hours of the referral of the student for suspected alcohol or other drug use.

(1) The school district, in cooperation with the school physician or medical professionals licensed to practice medicine or osteopathy, shall establish minimum requirements for the medical report. The minimum requirements for the examination will be periodically reviewed and updated as needed.

(2) The report's findings shall verify whether the student's alcohol or other drug use interferes with his or her physical and mental ability to perform in school.

h. When the medical examination is performed by a physician other than the school physician or at the emergency room of the nearest hospital, the school district will require the parent to verify within twenty-four hours of the notification that the student is suspected of alcohol or other drug use that a medical examination was performed in compliance with this Policy.

(1) The verification shall include, at a minimum, the signature, printed name, address, and phone number of the examining physician, the date and time of the medical examination, and the date by which the report required in this Policy will be provided.

(2) Refusal or failure by a parent to comply with this requirement shall be treated as a policy violation and handled in accordance with N.J.A.C. 6A:16-4.3(d).

i. If the written report of the medical examination is not submitted to the parent, principal, and Superintendent within twenty-four hours of the referral of the student for suspected alcohol or other drug use, the student shall be allowed to return to school until such time as a positive determination of alcohol or other drug use is received from the examining physician unless the student was also removed for violating the Code of Student Conduct.

j. If the written report of the medical examination verifies that alcohol or other drugs do not interfere with the student's physical and mental ability to perform in school, the student will be immediately returned to school.

k. If there is a positive determination from the medical examination, indicating the student's alcohol or other drug use interferes with his or her physical or mental ability to perform in school:

(1) The student will be returned as soon as possible to the care of the parent;

(2) Attendance at school shall not resume until a written report has been submitted to the parent, the principal, and the superintendent from a physician licensed to practice medicine

or osteopathy who has examined the student to determine whether alcohol or other drug use interferes with his or her physical or mental ability to perform in school.

(a) The report shall verify that the student's alcohol or other drug use no longer interferes with the student's physical and mental ability to perform in school.

(3) Removal of a student with a disability shall be made in accordance with N.J.A.C. 6A:14.

l. While the student is home because of the medical examination or after the student returns to school, an individual who holds the Educational Services Certificate with the student assistance coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds one of the following Educational Services Certificate endorsements: school nurse, school nurse/non-instructional, school psychologist, school counselor, school social worker, or student personnel services and is trained to assess alcohol and other drug abuse shall:

(1) Conduct an alcohol and other drug assessment of the student and a reasonable investigation of the situation, which may include interviews with the student's teachers and parents and consultation with experts in student alcohol or other drug abuse, for the purpose of making a preliminary determination of the student's need for educational programs, supportive services, or treatment that

extend beyond the general school program by virtue of the student's use of alcohol or other drugs.

(a) The findings of the assessment alone shall not prevent a student from attending school; and

(2) Cooperate with community agencies as defined in N.J.A.C. 6A:16-4.1(b) and juvenile justice officials in providing evaluation, referral, and continuity of care for alcohol or other drug abuse treatment.

m. While the student is at home because of the medical examination or after his or her return to school, the principal or Superintendent may recommend or require alcohol and other drug assessment of the student or evaluation by appropriately certified or licensed professionals to make a positive determination of a student's need for programs and services that extend beyond the general school program, as necessary.

(1) The findings of these additional evaluations alone shall not be used to prevent a student from attending school.

n. If at any time it is determined that the student's use of alcohol or other drugs presents a danger to the student's health and well-being, an individual who holds the Educational Services Certificate with the student assistance coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds one of the following Educational Services Certificate endorsements: school nurse, school nurse/non-instructional, school psychologist, school counselor, school social worker, or student personnel services and is trained in alcohol and other drug abuse treatment referral shall initiate a referral for alcohol or other drug abuse treatment.

E. Handling of Alcohol or Other Drugs

1. A student's person, effects, or school storage places may be searched for substances in accordance with Board Policy and applicable laws regarding searches in schools.

2. A school employee who seizes or discovers a substance, or an item believed to be a substance or drug paraphernalia, shall immediately notify and turn it over to the principal or designee.

a. The principal or designee shall immediately notify the superintendent or designee, who in turn shall notify the County Prosecutor or other law enforcement official designated by the County Prosecutor to receive such information.

By the provisions of N.J.A.C. 6A:16-6.4(a), the school employee, principal, or designee shall safeguard the alcohol, other drug, or paraphernalia against further destruction and shall secure the alcohol, other drug, or paraphernalia until it can be turned over to the County Prosecutor or designee.

c. The principal or designee shall provide to the County Prosecutor or designee all information concerning how the alcohol, other drug, or paraphernalia was discovered or seized, including:

(1) The identity of all persons who had custody of the substance or paraphernalia following its discovery or seizure; and

(2) The identity of the student believed to have been in possession of the substance or paraphernalia.

d. The principal or designee shall not disclose the identity of a student who voluntarily and on his or her own initiative turned over the alcohol, other drug, or paraphernalia to a school employee, provided there is reason to believe the student was involved with the alcohol, other drug, or paraphernalia for the purpose of personal use and not distribution activities, and further provided the student agrees to participate in an appropriate treatment or counseling program.

(1) For the purposes of N.J.A.C. 6A:16-6.4, an admission by a student in response to questioning initiated by the principal or teaching staff member, or following the discovery by the principal or teaching staff member of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia shall not constitute a voluntary, self-initiated request for counseling and treatment.

F. Reporting Students to Law Enforcement Agencies

1. Subject to N.J.A.C. 6A:16-6.5, any staff member who, in the course of his or her employment, has reason to believe that a student has unlawfully possessed or in any way been involved in the distribution of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia shall report the matter as soon as possible to the principal or, in the absence of the principal, to the staff member responsible at the time of the alleged violation.

2. Either the principal or the responsible staff member shall notify the Superintendent, who in turn shall notify as soon as possible the County Prosecutor or other law enforcement official designated by the County Prosecutor to receive such information.

3. The Superintendent or designee shall provide to the County Prosecutor or designee all known information concerning the matter, including the identity of the student involved.

4. The Superintendent or designee; however, shall not disclose the identity of a student who has voluntarily sought and participated in an appropriate treatment or counseling program for an alcohol or other drug abuse problem, provided the student is not reasonably believed to be involved or implicated in drug-distribution activities.

5. For the purpose of N.J.A.C. 6A:16-6.3, an admission by a student in response to questioning initiated by the principal or teaching staff member, or following the discovery by the principal or teaching staff member of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia, shall not constitute a voluntary, self-initiated request for counseling and treatment.

6. The Superintendent or designee may disclose to law enforcement authorities the identity of a student suspected to be under the influence of alcohol and/or controlled dangerous substances, pursuant to N.J.A.C. 6A:16-4.3(a), or a student suspected to have used or who may be using anabolic steroids, pursuant to N.J.A.C. 6A:16-4.3(b), and who is referred for a medical examination, pursuant to N.J.A.C. 6A:16-4.3(a) or (b), as appropriate, for the purposes of providing appropriate health care for the student and for determining whether the student is under the influence of alcohol or other drugs or has been using anabolic steroids. The Superintendent or designee shall disclose to law enforcement authorities the identity of a student reasonably believed to be in possession of a controlled dangerous substance or related paraphernalia or a student reasonably believed to be involved or implicated in distribution activities regarding controlled dangerous substances.

7. Law enforcement authorities shall not be notified of the findings if a student's alcohol or other drug test, pursuant to N.J.A.C. 6A:16-4.3(a)3i and N.J.A.C. 6A:16-4.3(b)3i and N.J.A.C. 6A:16-4.3(a)4, was obtained as a result of the district Board of Education's voluntary random drug testing policy, pursuant to N.J.S.A. 18A:40A-22 et seq. and N.J.A.C. 6A:16-4.4.

G. Parent Training Program/Outreach Programs

1. A substance abuse training program will be offered to the parents of students enrolled in the district. The program will be offered at times and places convenient to parents and on school premises or in other suitable facilities.

2. The program shall, at a minimum, provide:

a. A thorough and comprehensive review of the substance abuse instruction curriculum to be taught to the children of the parents during the school year, with recommendations as to the ways in which the parents may enhance, reinforce, and supplement that program;

b. Information on the pharmacology, physiology, psychosocial, and legal aspects of substance abuse;

c. Instruction to assist the parent in the identification of the symptoms and behavioral patterns that might indicate a child may be involved in substance abuse;

d. Information on the State, local, and community organizations that are available for the prevention, early intervention, treatment, and rehabilitation of individuals who show symptoms of substance abuse; and

e. A review of the Board Policy and Regulation on substance abuse with attention to the role of parents.

3. The Board will establish an outreach program to provide substance abuse education for the parents of students in the district. In establishing the program, the Board shall consult with such local organizations and agencies as are recommended by the Commissioner. The Board shall ensure the program is offered at times and places convenient to the parents of the district on school premises, or at other suitable facilities.

a. In addition to the substance abuse education program required pursuant to N.J.S.A. 18A:40A-17, the Board shall provide assistance to parents who believe that their child may be involved in substance abuse.

H. Records and Confidentiality of Records

1. Notations concerning a student's involvement with substances may be entered on his/her records, subject to N.J.A.C. 6A:32-7.1 et seq. and Policy 8330.

2. Information concerning a student's involvement in a school intervention or treatment program for alcohol or other drug abuse shall be kept strictly confidential according to 42 CFR Part 2, N.J.S.A. 18A:40A-7.1 and 7.2, and N.J.A.C. 6A:16-3.2.

3. If a student involved in a school-based drug and alcohol counseling program provides information during a counseling session that indicates the student's parent or other person residing in the student's household is dependent upon or illegally using substances pursuant to N.J.S.A. 18A:40A-7.1 and 7.2, that information shall be kept confidential and may be disclosed only under the circumstances expressly authorized as follows:

a. Subject to the student's written consent, to another person or entity whom the student specifies in writing in the case of a secondary student, or to a member of the student's immediate family or the appropriate school personnel in the case of an elementary student;

Under a court order;

b. To a person engaged in a bona fide research purpose, except that no names or other information identifying the student or the person concerning whose substance abuse the information was provided shall be made available to the researcher; or

d. To the Division of Child Protection and Permanency (DCP&P) or a law enforcement agency, if the information would cause a person to reasonably suspect that the student or another child may be an abused or neglected child in accordance with statute or administrative code.

Any disclosure made pursuant to H.3.a. and b. Above shall be limited to that information which is necessary to carry out the purpose of the disclosure, and the person or entity to whom the information is disclosed shall be prohibited from making any further disclosure of that information without the student's written consent. The disclosure must be accompanied by a written statement from the Superintendent or designee advising the recipient that the information is being disclosed from the records, the confidentiality of which is protected by N.J.S.A. 18A:40A-7.1 et seq., and that this law prohibits any further disclosure of this information without the written consent of the person from whom the information originated.

Nothing in this Policy or Regulation prevents the DCP&P or a law enforcement agency from using or disclosing the information in the course of conducting an investigation or prosecution. Nothing in this Policy or Regulation shall be construed as authorizing the violation of any Federal law.

The prohibition on the disclosure of information provided by a student shall apply whether the person to whom the information was provided believes that the person seeking the information already has it, has other means of obtaining it, is a law enforcement or other public official, has obtained a subpoena, or asserts any other justification for the disclosure of this information.

A person who discloses or willfully permits the disclosure of information provided by a student in violation of this Policy is subject to fines in accordance with N.J.S.A. 18A:40A-7.2.

4. Each incident of substance abuse shall be reported to the Commissioner on the SSDS.

SEXUAL HARASSMENT OF PUPILS

The Board of Education shall maintain an instructional environment that is free from harassment of any kind. Administrators and supervisors will make it clear to all staff, students, and vendors that harassment is prohibited. Sexual harassment shall be specifically addressed in the Affirmative Action in-service programs required by law for all staff.

Sexual harassment interferes with the learning process and will not be tolerated. Any child who has knowledge of or feels victimized by sexual harassment should immediately report his/her allegation to the Affirmative Action officer or building principal. This policy statement will be distributed to all students and their parents/guardians.

Pupils may file a formal grievance related to harassment on any of the grounds addressed in this policy. The Affirmative Action officer will receive all complaints, carry out a thorough investigation, and protect the rights of both the persons making the complaint and the alleged harasser.

Findings of discrimination or harassment will result in appropriate disciplinary action. Per Board of Education policy #5145.4

A. Definitions

Harassment is defined as a repeated pattern of unprovoked aggressive behaviors of a physical and/or psychological nature carried out by an individual or a group against an individual or group with the effect of causing harm or hurt. All forms of harassment meet the standards of being unwelcome, unwanted, and uncomfortable in the view of the recipient. They all have the effect of creating a hostile environment.

Harassment, in addition to the more obvious forms of physical harassment: hitting, poking, punching, tripping, etc., intimidation may also be manifest through:

1. Peer pressure
2. Name-calling
3. Teasing
4. Verbal challenges
5. Dares
6. Threats
7. Verbal attacks
8. Belittlement
9. Social exclusion
10. Spreading malicious rumors

Sexual harassment, as set forth above, may include, but is not limited to, the following:

1. Unwelcome leering, staring, sexual flirtations, or propositions.
2. Unwelcome sexual slurs, threats, verbal abuse, derogatory comments, sexually degrading descriptions, or remarks that imply incompetence as a characteristic of gender.
3. Unwelcome graphic comments about an individual's body or an overly personal conversation.
4. Unwelcome sexual jokes, stories, drawings, pictures, or gestures.
5. Unwelcome spreading of sexual rumors.
6. Unwelcome teasing or sexual remarks about a pupil enrolled in a predominantly single-sex class.
7. Unwelcome touching of an individual's body or clothes in a sexual way.
8. Intentionally limiting, based on the sexual nature of a pupil, their access to educational tools.
9. Conditioning academic and/or pupil-activity privileges on submission to unwanted sexual conduct from pupils or staff.
10. Cornering or blocking, in a sexual nature, the normal physical movement of an individual.
11. Displaying sexually suggestive objects or materials in the school.

B. Complaint Procedure

The following have received special training in the implementation of this policy, and they may be used in an advisory capacity by anyone considering the use of the procedures: the building principal, the District Affirmative Action Officers, and district-level administrators.

1. If possible, the harassing individual(s) should be informed, in clear and unmistakable terms, that the behavior is unacceptable to the individual feeling harassed.
2. If the behavior continues, the complainant should contact a teacher or other trusted staff member and inform him/her of the harasser's behavior, when it took place, who may have witnessed it, and what has been attempted to halt the behavior.
3. The staff member shall attempt to resolve the matter at that level unless the behavior reported was egregious, especially harmful, or where past interventions have failed to stop a pattern of harassing behavior.
4. When the matter is not resolved at the staff level, the staff member shall inform the principal of the situation within, if possible, the day of receiving the report from the pupil. If the principal is unavailable, the matter shall be referred immediately to the District's Affirmative Action Officer or the Superintendent.
 - a. The principal shall then meet with the offending pupil (individually when more than one is alleged to be involved) and attempt to resolve the matter at that level.
 - b. If a complaint is reported to the principal, a record of the matter is created in a manner consistent with the first stage of a formal complaint investigation. If the complaint is substantiated and the matter is resolved at this level, the documentation is maintained by the principal in a locked confidential file for a period not to exceed five years. The individual against whom the complaint was lodged shall be informed of this record and procedure.
 - c. When a harassment charge reaches the principal's level, the parents of affected students shall be informed by the principal. The parents shall be provided a copy of the district's policy and this procedure.
 - d. If the accusation was found to be false or otherwise lacking in substance, the documentation shall be destroyed by the principal.
5. If the matter cannot be resolved at the principal's level, or if it should not be resolved at this level due to the nature or seriousness of the offense, the matter shall be referred to the District's Affirmative Action Officer, with the documentation, in an expeditious manner.
 - a. An informal complaint becomes formal when the complainant submits a written Complaint Report to the Affirmative Action Officer. Upon the receipt of a formal complaint, the Affirmative Action Officer shall complete the investigative process. The due process rights of all shall be respected during the investigation. Information shall only be imparted on a need-to-know basis.
 - b. The principal or the district's Affirmative Action Officer shall inform the Superintendent.
 - c. Under no circumstances shall the Affirmative Action Officer interview a student without the parent/guardian receiving prior notification.
 - d. The Affirmative Action Officer shall meet with the pupil(s) who have allegedly been harassed and the pupil's parents.
 - e. The Affirmative Action Officer shall then meet with the alleged harasser(s) and that pupil's parents in an attempt to resolve the matter.
 - f. All involved pupils shall be apprised that any retaliatory behavior, or threat of same, shall result in disciplinary action.
 - g. The Affirmative Action Officer shall advise the Superintendent and principal of the outcome of these two conferences.
 - h. The principal and the Affirmative Action Officer may determine that all the directly involved pupils and their parents should be brought together, or in any other subdivision, to resolve the matter.
 - i. The Affirmative Action Officer shall inform the pupil alleging harassment and the pupil's parents that the pupil has the right to file a formal grievance with the state's Civil Rights Commission.

- j. The alleged harasser(s) and the harassed are guaranteed that their due process rights shall be respected at each stage of the procedure.
- k. The documentation of substantiated complaints shall be maintained in locked confidential files by the Affirmative Action Officer and by the Superintendent for a period not to exceed five years. The documentation of unsubstantiated or false complaints shall be destroyed upon final determination.
- l. . The police or any other appropriate agency (e.,g. the state's Division of Youth and Family Services, the Office of Civil Rights) shall be informed if the accusation meets their criteria for reporting.

C. Sanctions

1. Any pupil who engages in the harassment of anyone in the school setting may be subject to disciplinary action up to and including expulsion. Disciplinary action shall be administered with complete equity and fairness to all students.
2. The sanctions imposed shall relate to the seriousness of the offense and/or whether there is a pattern of substantiated offenses.
3. A substantiated charge could result in any of the following consequences or combinations of consequences:
 - a. In-school suspension.
 - b. Out-of-school suspension.
 - c. Loss of campus or extracurricular privileges.
 - d. Assignment to a harassment prevention program.
 - e. Community service.
 - f. In-school counseling.
 - g. Referral for out-of-school counseling.

D. Notification

Notification of this policy and procedures shall be circulated to all staff and incorporated into staff handbooks. All pupils shall be informed of the policy and procedures in age-appropriate terms. It shall also be printed in the parent and pupil handbooks annually. All new staff shall be briefed and provided a copy of the policy and procedures as part of their orientation program.

E. Prevention of Sexual Harassment

The Superintendent shall ensure that appropriate educational programs shall be conducted annually for the staff regarding the nature of sexual harassment, its prevention, appropriate informed intervention strategies, and the criteria to be used in forwarding the complaint to a formal level. All principals, school administrators, Affirmative Action Officers, guidance counselors, and the Superintendent shall have appropriate training in conducting complaint investigations and in the implementation of follow-up procedures. Special educational programs shall also be conducted for pupils, with consideration of age and maturity, on an annual basis.

The Board of Education ensures that all students receive equal educational opportunities regardless of their sex and that all personnel are guaranteed equal employment opportunities regardless of their sex.

Sexual harassment interferes with the learning process and will not be tolerated in the High School. Any child who has knowledge of or feels victimized by sexual harassment should immediately report his/her allegation to the Affirmative Action Officer or building principal.
