

# Board Discussion & Direction

- Timeline: Rollout of option / plan
- Addressing misinformation
- Budget reliance on one-time funds, need to re-think
- Tax levy comfort level of community
- Long Term Planning: Special Education Audit; Enrollment & Demographic Study

## Comments & Notes from Board Trustees

- All trustees wanted Option 2
  - Reiterated plan for Enrollment & Demographic Study
  - District should control where cuts are made, not be restricted by contingency if can help it
  - State goal of consolidation is something to keep in mind, if GWL wants to stay a District, need to plan that fiscally
  - Try to keep programs for kids
  - Make effort to be more transparent - more active, less passive (everything is and has been available online, perhaps more outreach?)
-
