Highlights and Awards

Joseph Keels Elementary School is housed in the heart of the Springwood Lake community in Northeast Richland County. Our students are provided grade-level specific learning experiences, taught using engaging hands-on methods, where students have the opportunity to learn foundational skills and then apply them to real-life scenarios. Students receive rigor and support to meet the high expectations we have at JKE. The SIC in partnership with the school has worked hard to promote character and positive citizens within the Bearsville Community. Joseph Keels has continued its objective of recognizing students positively with the continued implementation of Honor Roll recognition and many positive support systems designed to enhance student growth. In addition, JKE continues to make providing students with "being-there" experiences a priority in its instructional plan. Students continue to excel academically and socially at JKE.
