PICK THE BEST BENEFITS FOR YOU AND YOUR FAMILY.

Cooperative Educational Services strives to provide you and your family with a comprehensive and valuable benefits package. We want to make sure you're getting the most out of our benefits—that's why we've put together this Enrollment Guide.

This guide will outline all of the different benefits Cooperative Educational Services offers, so you can identify which offerings are best for you and your family.

If you have questions about any of the benefits mentioned in this guide, please don't hesitate to reach out to HR.

Eligibility

Eligible Employees:

If you are a full-time employee at Cooperative Educational Services, you're eligible to enroll in the benefits outlined in this guide. Full-time employees are those who work an average of 30 or more hours per week. By contract, certified teachers must work .50 FTE or higher to be eligible for medical and dental benefits.

Eligible Dependents:

If you are eligible for our benefits, then your dependents are too. In general, eligible dependents include your spouse and children. Children may include natural, adopted, step-children and children obtained through court- appointed legal guardianship.

When Coverage Begins:

The effective date for your benefits is July 1, 2026. Newly hired employees and dependents will be effective in Cooperative Educational Services' benefits programs. All elections are in effect for the entire plan year and can only be changed during Open Enrollment unless you experience a family status event. To make changes to your benefit elections during open enrollment all paperwork must be submitted to Administrative Services by **June 12, 2026**.

Family Status Change:

A change in family status is a change in your personal life that may impact your eligibility or dependent's eligibility for benefits. Examples of some family status changes include:

- Change of legal marital status (i.e. marriage, divorce, death of spouse, legal separation)
- Change in number of dependents (i.e. birth, adoption, death of dependent, ineligibility due to age)
- Change in employment or job status (spouse loses job, etc.)

If such a change occurs, you must make the changes to your benefits within 30 days of the event date. Documentation may be required to verify your change of status. Failure to request a change of status within 30 days of the event may result in your having to wait until the next open enrollment period to make your change. Please contact HR at benefits@cestrumbull.org.

How to Enroll

New this year!

Making a change to your benefits is easier this year. Enrollment is now online through **Employee Navigator**. All employees will receive a registration email with login instructions. HEALTH SAVINGS ACCOUNT (HSA) – HEALTH EQUITY

Health savings accounts (HSAs) are a great way to save money and budget for qualified medical expenses. HSAs are tax-advantaged savings accounts that accompany high deductible health plans (HDHPs). HDHPs offer lower monthly premiums in exchange for a higher deductible (the amount you pay before insurance kicks in). The HSA custodian is Health Equity. Once you enroll in the medical plan, you will receive a welcome kit from Health Equity with instructions on opening your account. It is important that you complete the steps to be certain that the account is opened, and a debit card can be received.

C.E.S. will make a contribution to your HSA account for the 2026-2027 plan year. Employees electing single coverage will receive a \$1,125 employer contribution; those electing family coverage will receive a \$2,250 employer contribution. C.E.S.'s contribution is annualized over 12 months, contributed monthly. In addition, employees can elect to make a pre-tax contribution up to the IRS limits listed below. For a list of qualified medical expenses, please go to the IRS regulations at <https://www.irs.gov/pub/irs-pdf/p969.pdf>.

WHAT ARE THE BENEFITS OF AN HSA?

There are many benefits of using an HSA, including the following:

- **It saves you money.** HDHPs have lower monthly premiums, meaning less money is being taken out of your paycheck.
- **It is portable.** The money in your HSA is carried over from year to year and is yours to keep, even if you leave the company.
- **It is a tax-saver**—HSA contributions are made with pre-tax dollars. Since your taxable income is decreased by your contributions, you'll pay less in taxes.

The maximum amount that you can contribute to an HSA in **2026** is **\$4,400** for individual coverage and **\$8,750** for family coverage. Additionally, if you are age 55 or older, you may make an additional "catch-up" contribution of \$1,000. You may change your contribution amount at any time throughout the year as long as you don't exceed the annual maximum.

HSA Case study

The Bennetts haven't had the best luck when it comes to medical expenses—daughter Jasmine was diagnosed with asthma a few years ago, and son Alex has broken several bones. Mrs. Bennetts' employer contributes \$2,250 to their HSA each year. Their plan's annual deductible is \$4,500 for family coverage. If they choose to use their HSA to pay for covered services, it will reduce the out-of-pocket amount needed to meet their deductible before traditional health coverage begins.

Here is a look at the first two years of the Bennetts' HSA plan, assuming the use of in-network providers:

Year 1	
HSA Balance	\$2,250
Expenses:	
Preventive Care -paid 100% by insurance	\$0.00
Office Visits	\$350
Prescription Drugs	\$200
Emergency Room Visits	\$350
TOTAL	\$900
HSA Rollover to Year 2	\$1,350
Since the Bennetts did not spend all of their HSA dollars, they did not need to pay any additional amounts out-of-pocket this year.	

Year 2	
HSA Balance	\$3,600
Expenses:	
Preventive Care -paid 100% by insurance	\$0.00
Office Visits	\$300
Prescription Drugs	\$200
TOTAL	\$500
HSA Rollover to Year 3	\$3,100
Again, since the Bennetts did not spend all of their HSA dollars, they did not need to pay any additional amounts out-of-pocket this year..

Cooperative Educational Services pays for the full cost of this benefit—meaning you are not responsible for paying any monthly premiums.

BASIC LIFE AND AD&D

Important Reminder! Be sure to assign a beneficiary or living trust to ensure your assets are distributed according to your wishes.

In the event that you become disabled from a non-work-related injury or sickness, disability income benefits will provide a partial replacement of lost income. Please note, though, that you are not eligible to receive short-term disability benefits if you are receiving workers’ compensation benefits.

FLEXIBLE SPENDING ACCOUNTS (FSA) – Health Equity / WAGeworks

Paying for health care can be stressful. That's why Cooperative Educational Services offers an employer-sponsored flexible spending account (FSA). Employees can elect to contribute pre-tax dollars into a savings account for qualified medical and dependent care expenses. **Note: The FSA plan year is January to December. Open enrollment will be in the fall.**

HEALTH CARE FSA

HealthCare FSAs allow you to contribute pre-tax dollars to qualified medical expenses. The maximum amount you may contribute in 2026 is **\$3,400**.

Important: Employees enrolled in the medical plan with the Health Savings Account are not eligible to elect the Health Care FSA due to IRS rules.

There are a variety of different benefits of using an FSA, including the following:

- **It saves you money.** Allows you put aside money tax-free that can be used for qualified medical expenses.
- **It's a tax-saver.** Since your taxable income is decreased by your contributions, you'll pay less in taxes.
- **It is flexible.** You can use your FSA funds at any time, even if it's the beginning of the year.

You cannot stockpile money in your FSA. **If you do not use it, you lose it.** You should only contribute the amount of money you expect to pay out of pocket that year.

DEPENDENT CARE FSA?

Dependent Care FSAs allow you to contribute pre-tax dollars to qualified dependent care. The maximum amount you may contribute each year is \$5,000 (or \$2,500 if married and filing separately).

Dependent Care FSA CASE STUDY

An FSA can provide you with an important tax advantage that can help you pay for dependent care expenses on a pre-tax basis. Due to the personal tax savings you incur, your spendable income will increase. The example that follows illustrates how a Dependent Care FSA (DCFSA) can save money.

John and Jane live in Connecticut and have an annual gross income of \$60,000. They are married and file their income taxes jointly. Since John and Jane expect to spend over \$5,000 in eligible dependent care expenses in the next plan year, they decide to direct a total of \$5,000 (the maximum allowed amount per household, for that taxable year) into the Dependent Care FSA. The table demonstrates their savings.

Your Estimated Tax Savings			
Without Dependent Care FSA		With Dependent Care FSA	
Gross annual pay	\$60,000	Gross annual pay	\$60,000
Tax rate (30%)	- \$18,000	Max. annual Dependent Care FSA contribution	- \$5,000
Net annual pay	= \$42,000	Adjusted gross pay	= \$55,000
Annual dependent care expenses	- \$5,000	Tax rate (30%)	- \$16,500
Final take-home pay	= \$37,000	Final take-home pay	= \$38,500
Take home this much more with a Dependent Care FSA			\$1,500

All figures in this table are estimates and based on an annual salary of \$60,000 and maximum contribution limits to the benefit account. Your salary, tax rate, dependent care expenses, and tax savings may be different.
