Dear Rilke Families,

Here is a brief update from the March 19, 2026 APC meeting:

- Prior to the APC meeting, the Rilke Administration and APC presented an Informational Presentation about the Lake Otis Building. See below for the Presentation and other links.
- The Rilke APC voted to accept the offer from the ASD Board to occupy the Lake Otis building. The timeline and logistics of this move are pending further discussion. We will update as we know more.
- While the Lake Otis building is operational, further Improvements and upgrades are pending a Bond approval. The upcoming April 7, 2026 Bond vote would mean a new roof, flooring, newer front office securities, new HVAC, improvements to energy efficiencies, and an overall tailoring of the school to Rilke's needs. We encourage everyone to exercise their civic duty and vote to support the Bond and Levy that would further improve our school.
- The Rilke Administration and Staff will continue to research best practices for the Math curriculum. They plan to visit Aquarian next week to further their research.
- The Rilke APC hiring committee narrowed the Principal candidate to two people. We will hold interviews next week. The Rilke APC is working on finding an appropriate level of confidentiality due to constraints within the ASD HR department processes. At this time, we are not able to hold a meet and greet with the candidates as previously stated. Thank you for your patience and understanding.
- The administration has developed a Student Handbook for families, staff, and students. This will be finalized and approved by the APC in the next couple of months.

If there are any questions, comments or concerns please feel free to contact your Rilke APC at APC_Rilke@asdk12.org
