

LEGACY LIBRARY RENOVATIONS: CIBOLO CREEK ELEMENTARY

BOND 2022

The legacy library at Cibolo Creek Elementary School was redesigned into a modern, student-centered learning environment that encourages collaboration, creativity, and engagement. Designed by Garza Architects, the renovated space reflects the campus identity through individualized colors and finishes while supporting a unified districtwide design vision.

The renovation included open learning spaces, new learning walls, updated circulation desks, librarian workspaces, workrooms, office space, and flexible furnishings that support both independent learning and collaboration. A new art room was also added as part of the project, providing an updated space for creative instruction, hands-on learning, and expanded opportunities for student artistic expression.

Construction Period: June 2024 - January 2025

Project Budget: \$2,263,000.00

Final Cost: \$2,163,273.38
