# Meaningful Moments at Gribbin

Fostering a culture of kindness and literacy together.

The **Connolly School Student Council** is composed of two students from each class who were chosen by their classmates. These students are chosen because they show important qualities and characteristics that Connolly School encourages. These qualities involve things like responsibility, ownership, courage, cooperation, and kindness.

These student council reps help lead fun class and school activities. They meet with other student leaders during lunch or recess to plan events, share ideas, and make sure everyone's voice is heard. When they return to class, they tell their classmates what the school is doing and encourage everyone to join.

The student council's goal is to make a difference in our school community, in the city of Glen Cove, and the world surrounding them.

Being a student council rep means helping others, solving problems, and working together. Our reps help make their world a kinder, safer, and more welcoming place.
