College Credit Opportunities at GAHS

Advanced Placement Courses (AP)

All Advanced Placement (AP) courses are college-level courses designed to prepare students for Advanced Placement tests. Depending upon how well a student does on the respective AP examination given in May, they may receive college credit in a particular subject area. Students electing to take an AP course are required to take the examination and pay the exam fee (approximately $99.00). Payment of the fee can be made in three installments. Failure to pay the fee will result in an "Incomplete" being assigned for the class grade until the fee is paid. Financial assistance may be available.

Students desiring to take AP courses need to be highly motivated and should have experienced a high degree of success in previous courses in the subject area. Students will be required to do a great deal of reading, writing, and high-level problem solving.

In addition, students enrolled in AP courses may be required to complete summer assignments. Please see each individual course description for guidelines regarding summer work assignments. Assignments should be given directly to the teacher of the AP course. Exceptions may be granted by the teacher with the approval of the administration for extenuating circumstances only. Three or more college credits may be granted by the cooperating institution based on the student's AP exam score and the receiving college's AP credit policy.

- AP Seminar 10
- AP ENG 11: English Language
- AP ENG 12: English Literature
- AP Human Geography grades 9-12
- AP Psychology - 11, 12

College Credit Opportunities at GAHS

College in the High School (CHS)

Gettysburg Area High School has partnered with various post-secondary institutions to provide college level courses and credit to eligible students in grades 11 and 12. College in the High School courses are taught by certified Gettysburg Area High School teachers, offering the same course content as the college. Students enrolled in CHS courses have the option to earn college credits offered at a reduced tuition rate at the expense of the student and family at the approximate cost of $225.00 - $400.00 per course. Courses are charged per credit, with the cost per credit being set by the college. See each course's description for more details. Financial assistance may be available, consult with your counselor.
