

## **Scott County, Iowa Local School Wellness Policy Triennial Assessment Under the Healthy, Hunger-Free Kids Act of 2010**

The Iowa Department of Education requires all Iowa LEAs to develop, implement and evaluate a District Wide wellness policy that encompasses the following components:

- Public involvement
- Publication notification
- Nutrition education
- Nutrition guidelines
- Nutrition promotion and marketing
- Physical activity
- Physical education
- Monitoring and evaluation

The Scott County Decategorization Board provides guidance and leadership to these policies and their assessment. This assessment fulfills two purposes:

- Offers Scott County LEAs a means to ensure state requirements for their School Wellness Policy are met and documented in ways that meet school nutrition administrative review requirements
- Offers Scott County the opportunity to see an overall picture of school wellness policies and practices at a community-wide level

There are both District-level and Building-level requirements for the policy and assessment. As a result, this assessment encompasses both levels. The Iowa Department of Education requires one District level assessment and a building level assessment for EACH building within that district on a triennial basis.

***When the assessment is completed:***

- 1) Send completed copy of Local School Wellness Policy Assessment to Scott County Kids, 600 West 4<sup>th</sup> Street, Davenport, Iowa 52801 or email to***
- 2) Keep a copy of these forms as documentation of compliance during the next School Nutrition Administrative Review.***
