Please note:

- Parents are required to order these books directly from a supplier of their choice. The high school does not have an exclusive relationship with any single book supplier, but here are some suggestions on where to find the required books:
 - www.amazon.com
 - www.amazon.com.br
 - www.scolados.com
 - www.leitura.com.br
 - www.mercadolibre.com.br
- The Graded English Department requires all students to purchase physical, paper copies of the materials listed for purchase. This facilitates better reading and annotation. For ease of ordering, these texts are listed with the title, author, and accurate ISBN number for the appropriate classroom version. Ordering the edition with the same ISBN number is **strongly suggested** so that there is no confusion about pagination, reading assignments, and citations. However, if the choice is

between having a different copy or having no book at all, then a different copy is acceptable.

Supplies
