Writing Benchmark

\*Students who are GATE-Identified, but do not meet the Honors class placement qualification, will be clustered in a classroom with a GATE-trained teacher for English Language Arts.

FSD Gifted and Talented Education (GATE) provides an appropriate differentiated curriculum for gifted students within the Fullerton School District. GATE classes emphasize scholarly attributes, grade level themes, novelty, depth and complexity. The core curriculum is accelerated in GATE classes for individuals and groups of learners appropriate to their needs and abilities.

## Fullerton School District Gifted and Talented Education

# JUNIOR HIGH Honors and GATE

## GATE Mission Statement

The Fullerton School District is committed to supporting gifted students from all racial, ethnic, socioeconomic, and cultural backgrounds. We believe that our diverse population of gifted students develop to their full potential when their special strengths, interests, and abilities are identified and supported throughout their lives. We are dedicated to providing unique, differentiated, in-depth, complex, and accelerated opportunities to develop the gifts and talents in our GATE students.

# ENRICHMENT

Students attending a Junior High School program are provided opportunities to explore different subjects and areas of interest in addition to the core curriculum.

Advanced level elective courses (prerequisite course required) are available for students to further develop their knowledge and skills. While the Junior High Schools in the Fullerton School District generally offer similar elective opportunities, each campus has a set of offerings unique to the school site. Course offerings are subject to change due to enrollment and staffing.

### Possible After School Programs:

- Computer Programming
- MESA (Mathematics Engineering Science Achievement)
- Conversational Korean
- Comedy Improv
- Multi-Media Magic
- Hip Hop Dance
- Science Olympiad
- Academic Decathlon

\*Please visit School Website for a comprehensive list of course offerings.

## JUNIOR HIGH GATE/HONORS COURSEWORK

GATE and Honors courses are designed to prepare students to be college and career ready, and to consider pathways to High School programs that may include Advanced Placement (AP), International Baccalaureate (IB) and advanced technology programs. Please see specific school websites for placement procedures and course offerings.

## FSD/FJUHS

### MATHEMATICS PATHWAYS

Grade 7	Grade 8	Grade 9
Math 7	Math 8	Algebra 1
Math 7 Honors	Algebra 1	Geometry
Algebra 1	Geometry	Algebra II**
Geometry	Algebra II	Trigonometry**

Enrollment in Courses based on FSD Math Placement Assessment

\*\* Students attend class through FJUHS

## HIGH SCHOOL COURSES

Students have the opportunity to take high school-level courses both at FJUHS campuses and/or FSD school sites.

Students meeting the established criteria are eligible to take high school courses in English/Language Arts, mathematics, and in science. Current offerings include: Pre-AP Writing, Biology, Computer Science, Algebra I, Geometry, Algebra II, and Trigonometry.

## COLLEGE COURSES

FSD students are eligible to take college level courses at the local community college. These courses are considered to be enrichment courses and must have the approval of the principal or designee of their current school. If the course is already offered at the Junior High or High School level, students will not be allowed to take the class. 7-8 students are not eligible to take college level courses below Math 40, English 100 and Reading 142 as those classes are designated for college-aged students only.

FSD staff will guide parents in enrolling children who qualify in a community college course. Please contact Phil Ling, Educational Services at (714) 447-7783 or phil\_ling@myfsd.org for assistance.
