Dear College Admissions Representative:

Fulton County Schools is providing this information to explain circumstances that may affect the timing and appearance of final transcripts for members of the Class of 2026.

In May 2026, a national cybersecurity incident involving the Instructure Canvas platform led Fulton County Schools to suspend Canvas access through the end of the school year while security protections were independently evaluated.

Because Canvas supported coursework and grading for many of the courses offered in the district, the disruption affected final grade calculations for some students, including graduating seniors. As a result, some Fulton County Schools' transcripts may include the following grading indicators:

- "P" (Pass), assigned to students who were passing coursework at the time instructional access was interrupted
- "I" (Incomplete), assigned to students who require additional time to complete coursework impacted by the system outage before a final numerical grade can be calculated

Students receiving an Incomplete have until July 1, 2026, to complete remaining coursework requirements. Following completion and verification of coursework, final numerical grades will be issued and updated transcripts will be provided.

Some senior transcripts may not be available until after July 1, 2026, due to coursework completion and grade verification related to the Canvas disruption. These grading indicators and delays are the result of the district's response to a cybersecurity incident, not academic or disciplinary concerns.

While some districts resumed broader Canvas access sooner, Fulton County Schools implemented a more cautious recovery approach to protect student information and district systems.

We respectfully request consideration regarding transcript timelines and temporary grading indicators associated with this incident. Fulton County Schools remains confident in the preparation and accomplishments of its graduating seniors and appreciates your support of students affected by these circumstances.

Thank you for your understanding and support. Should additional information or verification be needed, please contact Fulton County Schools through the student's school counseling office or district student services staff.

Best Regards,

Mike Looney, Ed.D.
Superintendent
