## ANTICIPATED IMPACT ON FACILITY SCORES

### FCI

50+ 25 0

### EA

<50 75 100

The proposed projects target Freedom's two Highest Need systems: Building Infrastructure and Code/Security, the categories driving Freedom's FCI score.

New play structures for Pre-K and upper grade levels, along with parking lot and drop-off zone improvements and site fencing, directly impact EA performance in Safety & Security (71%) and Presence (76%).

These site improvements address the exterior infrastructure conditions that affect both student safety and long-term campus performance.
