

Example Window Additions

Columbia Elementary

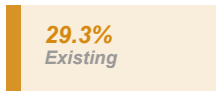

Level: ES · Service Area: Central · Visual and Performing Arts · April 2026

Bond 2026 Allocation

\$3,000,000

ANTICIPATED IMPACT ON FACILITY SCORES

FCI

50+ 25 0

EA

<50 75 100

The proposed scope targets Columbia's two highest need systems: Building Infrastructure and Site Improvements, the categories driving Columbia's FCI score.

New play spaces to align with the school's Visual and Performing Arts focus and directly impact EA performance in Classrooms (57%) and Presence (68%).

Furniture upgrades support flexible learning environments, while bathroom renovations and classroom window additions address interior infrastructure conditions and increase natural light, improving both student experience and long-term building performance.

PROJECT PRIORITIES

Window Additions in Classrooms	HIGH
<i>Prioritize rooms with no natural light, aim to increase natural light in all classrooms including use of tubular skylights for interior rooms.</i>	
Bathroom Renovation	HIGH
New Playground	HIGH
<i>New play spaces for all grade levels to align with arts integration focus.</i>	
Site Improvements	HIGH
New Furniture	HIGH
<i>Upgrades to furniture in classrooms to support flexible learning.</i>	

District Priorities include roof upgrades and updates to fire and security systems.
