## ANTICIPATED IMPACT ON FACILITY SCORES

The proposed scope targets Chipeta's Highest Need system, Building Infrastructure, as well as Site Improvements rated Poor, two key categories driving Chipeta's FCI score.

Converting a large field into turf and updating playgrounds, adding a covered entry walkway and marquee, and installing skylights for interior classrooms directly impact EA performance in Presence (51%).

Bathroom renovations address the interior infrastructure conditions that affect both student experience and long-term building performance.
