

Example Auditorium Renovation

Mitchell High School

Level: HS · Service Area: Southeast · April 2026

ANTICIPATED IMPACT ON FACILITY SCORES

Bond 2026 Allocation
\$15,000,000

FCI

50+ 25 0

EA

<50 75 100

The proposed scope targets Mitchell's Highest Need system, Building Infrastructure, the category driving Mitchell's FCI score.

Auditorium Renovations will improve scores in Assembly (68%) and a Flexible Classroom will improve Extended Learning (37%). New Flooring and LED Upgrades will both impact scores in Classrooms (48%) and Environmental Quality (50%).

These improvements address the interior infrastructure conditions that affect both student experience and long-term building performance.

PROJECT PRIORITIES

Bathroom Upgrades	HIGH
Black Box Theater Creation	HIGH
New Flooring	HIGH
Update flooring throughout classrooms and hallways.	
Auditorium Renovation	HIGH
Decorative Metal Roofing	HIGH
Upgrades to LED Lights	HIGH
Improve lighting throughout the school.
