

Example New Furniture

# Wilson Elementary

Level: ES · Service Area: Southeast · April 2026

## ANTICIPATED IMPACT ON FACILITY SCORES

Bond 2026 Allocation  
**\$1,000,000**

The proposed scope targets Wilson's two Highest Need systems: Building Infrastructure and Site Improvements, the categories driving Wilson's FCI score.

New collaborative classroom furniture, site improvements, and tubular skylights to bring natural light into windowless classrooms directly impact EA performance in Environmental Quality (67%), Classrooms (57%), and Presence (74%).

These improvements address both the interior and exterior infrastructure conditions that affect student experience and long-term building performance.

<b>New Furniture</b>	<b>HIGH</b>
New classroom furniture that supports collaboration and student agency.	
<b>Site Improvements</b>	<b>HIGH</b>
Create an outdoor learning space and resurface black top play area.	
<b>Window Replacements</b>	<b>HIGH</b>
Add tubular skylights in classrooms that do not have windows.	
<b>Exterior Entry Improvements</b>	<b>HIGH</b>

District Priorities include HVAC projects, roof upgrades, and updates to fire alarm and security systems.
