

Example Playground

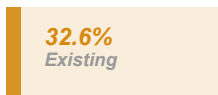

Carver Elementary

Level: ES · Service Area: Northeast · April 2026

Bond 2026 Allocation
\$1,000,000

ANTICIPATED IMPACT ON FACILITY SCORES

FCI

50+ 25 0

EA

<50 75 100

The proposed scope targets Carver's two Highest Need systems, Building Infrastructure and Site Improvements, the primary categories driving Carver's FCI score.

Upgraded play spaces for K-5 students and parking lot resurfacing directly impact EA performance in Community (48%) and Presence (41%).

Bathroom fixture updates across campus address the interior infrastructure conditions that affect both student experience and long-term building performance.

PROJECT PRIORITIES

New Playground	HIGH
Upgraded play spaces for K-5 students	
Hardscape Site Improvements	HIGH
Parking resurfacing including a new lot	
Bathroom Renovations	MEDIUM
Fixture updates in bathrooms across campus	
Exterior Entry Improvements	MEDIUM

District Priorities include roof upgrades.
