

Summer work - French 2

Watch a French show or movie.

Watch at least 2 episode of the show "**Samuel**" on Netflix or any other French show or movie you are interested in on your favorite streaming service (just google "French movie on *the name of your streaming app*" and pick whichever one speaks to you) There are many to choose from on all platforms. Make sure to watch the movie **IN FRENCH** (you can put English subtitles on obviously)

- Right after watching, come up with 5 things "que tu as aimé ou pas aimé" about the episodes/movie and write a 50 word paragraph about it.

Use a mix of different tenses (Present, PC, Imparfait, etc..)

- The paragraph needs to be handwritten on a piece of paper It can be about the story, the characters, the humour, the graphic style, the voices of characters, or whatever you want.

Do not use AI, I know how every single one of you writes in French, I'll be able to instantly tell.

- Bring your paragraph to school and we'll read and go over them during the 1st day of French class.

Passez un bon été! 🕶️🌂
