CHANGES TO THE BID PACKAGE

1. All concrete work should be bid at a square foot price. There may be areas that are replaced, while others may be repaired by grinding both the walks and curbs.
2. Basketball Court Alternate should include the cost of installing 2 poles for baskets but not the backboards and hoops. Poles will be supplied by the owner. Court layout may include a culvert option for the existing drainage area.
3. Installation of 4" perforated drainage pipe to be deleted and be replaced with leveling of the existing ground to the west of the driveway located above the softball field. All removed material will remain on site at a location determined by the owner.
4. Free exit gate sensors may need replaced if milling affects them.
