About the Project - This project consolidates our community, bringing the new Early Childhood Center adjacent to our main campus — as shared at previous Neighborhood Meetings. Quality, full day preschool education in San Mateo has never been more important, and we are grateful to expand access while also supporting increased need for discounted tuition.

We are proud to be part of this community and remain committed to being good neighbors throughout construction. Please don't hesitate to reach out with any questions or concerns.

Warmly,

Neely Norris
Head of School
