Lower School: Fourth and Fifth Grade 2026 Summer Practice

Lakeview Academy encourages all rising fourth- and fifth-grade students to spend time reading regularly and reviewing their math concepts over the summer. To help families select appropriate texts and math practice, Lakeview Academy's faculty has curated a list of books for our fourth and fifth-grade students, as well as a selection of math practice.

Summer assignments **are not** a requirement for lower school students. However, any fourth- or fifth-grade students who complete their math practice and log 10 hours of summer reading (roughly 1 hour per week) from the approved list below will get to attend a special popsicle picnic in the fall. A reading log and each grade-level's math practice can be found at the top of each reading list below.

Questions? Contact Dr. Wade Hanse, Assistant Head of School for Academics, at wade.hanse@lakeviewacademy.org
