The intent of ASB Card Possession/Extracurricular Activity Gap Plan is to reflect on and identify additional barriers that prevent students who are from low-income households from participating in optional, noncredit extracurricular activities such as clubs, school events, and athletics. Please share your ASB and athletic fee data with your ASB student council before filling out this gap reduction plan. Gap Plans for 2025-2026 are required for either Opportunity Gaps over 5%.

1. Our school used the following approaches to determine barriers to ASB card possession and/or extracurricular participation:

Survey students on their participation ☒

Survey parents on their students' participation ☐

Evaluate required factors for participation ☐

Compare school data to other schools with similar demographics ☐

Conduct a cost benefit analysis of offerings ☐

4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the upcoming school year.

At the building level, we will continue to inform families of the opportunities with the help of our counseling office and Finance Office. We will make a point of using the month of October to emphasize the opportunity with students who this pertains to.

The Athletic & Activity Director will work with the ASB Student Leadership to increase communication and awareness of extra-curricular participation and ASB possession.

We will partner to create opportunities for promoting ASB cards and communicate the benefits of participating in Extracurricular activities- sports and clubs.

The student leaders will provide messaging through posters, digital bulletin boards, social media and assemblies to promote participation. There will be targeted messaging to encourage and share the lifelong value and benefits of participating.
