

Equity Steering Committee

Student Membership Application Procedures

Student representatives are vital to the Equity Steering Committee. The Equity Steering Committee includes up to (2) students from each high school in the district. Student representatives apply to serve on this district committee. See procedures below.

1. Attend the next Equity Steering Committee meeting and learn about what the committee is working on and what the role of the student will be.
2. After the meeting:
 - a. If you think you have the time and interest in being part of the committee, please send me a ½-1 page written response (on MS Word) to the following question:
 - i. What do you think is **the most important EDI topic** that students are most interested in addressing at our schools? And why?
 - b. If you don't think you have the time or interest in being part of the committee, please send me an email letting me know that you're not able to be on the committee.
3. After receiving your interest form and your written response, I will reach out to your School Counselor and your School Principal to notify them of your interest in the committee. As a team, the three of us will look at your responses and make a determination about your membership to the Equity Steering Committee.
