

ASF ATHLETICS WALL OF FAME INDUCTION CEREMONY 2018

WELCOME

MARK IVER SYLTE
EXECUTIVE DIRECTOR

Great private, independent schools have long been based upon the Renaissance notion of a broad and rich education which speaks to the mind, body and spirit.

Our athletic tradition and our scholar-athletes embody those ideals. Through fierce competition, marked by a generous spirit of sportsmanship, they have tested themselves as young men and women of character, grit and perseverance.

We believe that the lessons and values that they learn on the fields and on the courts are carried with them into the rest of their lives. As they have made us proud as Bears while students, they continue to represent the best of ASF as alumni.

ROBERT WILSON
HEAD OF ATHLETICS AND EXTENDED LEARNING

The American School Foundation of Mexico City has a rich tradition in academics, arts and athletics. In September of 2017, we set out to create an Athletics Wall of Fame to honor our top athletes and coaches from years gone by.

From the beginning, the ASF Athletics Wall of Fame became a project that demanded the time and effort of many ASF stakeholders. From donors to people volunteering their valuable time and skills, over the past year we have worked to complete the project that we celebrate at the ASF Wall of Fame Induction Ceremony on October 20, 2018.

Thank you to all stakeholders who have made this event possible.

WELCOME

JOHN POWELL
ATHLETICS COORDINATOR

The ASF Athletics Wall of Fame will be a living-legacy that alumni can show their families throughout the years. This much needed recognition has a buzz throughout our athletics community at ASF.

After serving as a coach and Head of Sport (Basketball, Volleyball, Soccer), the past athletes I mentored always bring this topic up to me. The Athletics Wall of Fame will be a great tradition that I am interested to see grow!

PALOMA FUENTES
EXTENDED LEARNING COORDINATOR

Over the past few years, I have been exposed to many events at ASF. The school continues to foster traditions for the community in which there is a great display of generosity, pride and team work.

The ASF Athletics Wall of Fame is a great example of what ASF is able to produce when there is collaboration and commitment. From beginning to end, this event has been supported by many hands and ideas that we hope serve as a model for current and future generations of athletes of what being a true Bear means, inside and outside of the field.
