Responses to RFI received:

1. - Question: Is there a document to download to input pricing and product origin i.e cost per case and city or county where product is grown? The points are weighted for items grown closest to the district just not sure where to put that information?

Response: As it pertains to this bid, the District's schools have both walking coolers, refrigerators and coolers to safely store dairy products. The District also requests multiple deliveries during the week to limit the inventory and alleviate space constraints.
