

Spring 2024 STAAR test scores (grades 3-8) are available from the Ascender Parent Portal.

Students took the State of Texas Assessments of Academic Readiness (STAAR®) earlier this spring. The state assessments are one of many ways we measure student learning. Teachers will use STAAR results along with other information to support your child's learning in the new school year.

Access your child's STAAR results by logging into the [ASCENDER PARENT PORTAL](#).

After logging in, under the SUMMARY tab, you will see a link labeled TEXAS ASSESSMENT. This link will take you directly to your child's STAAR results on the TEA website, which will include detailed information for each test question, identifying your child's strengths as well as areas where they may need additional support.

Families have shared that seeing which questions their child answered correctly or incorrectly has been useful. You will also see easy-to-use resources to help your child focus on the essential skills in need of improvement and additional learning.

For more information about STAAR, visit the [TEA Texas Assessment website](#).
