

Growing Our Readers

Volume VIII

Summer Edition

Amy Wilson- Elementary School Director

What is “Summer Slide”?

The “Summer Slide” is the tendency for students to lose some of the learning gains that have been made throughout the school year.

A decline in reading ability and other academic skills can occur when school is not in session.

Research has shown that this regression in skills can hinder students’ performance when they head back to school.

Young students are prone to the most learning loss because they are at a crucial stage in their development.

The GOOD NEWS is that basic skills are not difficult to maintain while school is out for the summer!

**The following slides will
provide you with many learning
opportunities for your child
throughout the summer.**

Make learning fun!

<u>Read-a-Palooza Challenge</u>	Kids can enter reading minutes on line and unlock digital rewards.
Make time for smart play	Puzzles, board games, word games, and riddles are a great way to keep minds active.
Get out of the house	Visit historic sites, read at the park, check out the planetarium, see real world settings that the students are learning about
Use your imagination	Craft, create, build with legos, develop characters and play theater
<u>Drawing Challenge</u>	Every child can be an artist!
<u>How to start a family bookclub</u>	Book recommendations included!

Learning is all around us!
