

May 15, 2026

Dear Sixth Grade Parents,

The sixth-grade class trip to the [Life Adventure Center](#) in Woodford County will take place from Wednesday, September 2nd, until Friday afternoon on September 4th. An incredible and exciting environmental experience has been planned for our students. I, along with our chaperones, am ecstatic about the trip we have planned for your children.

Every year we look for special opportunities to enhance our curriculum and to offer students avenues to see the world around them. Life Adventure Center (LAC) became the destination for our sixth-grade trip thirteen years ago, and we were thrilled to discover the marvelous facilities and natural resources of this local educational center, whose mission is the following: ***"Life Adventure Center of the Bluegrass engages, educates, and empowers our community to build respect, responsibility, and self-esteem through teamwork, communication, and environmental stewardship using hands-on learning in a natural setting."*** This trip offers an opportunity to be immersed in experiential learning with the help of naturalists and to experience team-building activities that help sixth graders bond as a group and move into the year with confidence.

Students should arrive on Wednesday morning, September 2nd, at the normal dropoff time. Prior to our departure, we like to get the kids together and talk through our first day together. At 9:15 on Wednesday, we'll be leaving for Woodford County to Life Adventure Center. Students will move into the bunkhouses Wednesday night and will lodge there Thursday night as well.

We will spend the majority of our three days together exploring this beautiful property and engaging in the challenge courses that Life Adventure Center offers. In addition, there will be hiking, a climbing wall and zipline, an evening bonfire, and other activities kids enjoy.

To recap, our fun begins on Wednesday, September 2nd. We will return in the afternoon of Friday, September 4th.

The following form will need to be filled out by August 21st: [Life Adventure Center Consent/Waiver Form](#). Parents, **not kids**, should fill out and digitally sign the form by Friday, August 21st. This form is through Life Adventure Center, and they can help you with any questions or trouble you may have filling it out. They will send us a list of those who have filled out the form correctly.

While your tuition payment covers the entire cost of the trip, a parent's signature on the forms represents a student's commitment to participate and also confirms that the school will pay for your child's activities. Please help us plan by submitting materials relating to the Life Adventure Center trip (**expectations agreement, LAC consent form, and medications form**) no later than Friday, August 21st.

We are anxiously awaiting this fun trip with our 6th graders; we believe it will be an enriching opportunity and will provide a host of cherished memories for the Class of 2033. If you have any questions or concerns, please contact me at 254-1361 extension 326 or jnahra@sayreschool.org. There will be an information meeting for parents of sixth graders on Tuesday morning, August 26th, at 8:15 in the Sayre library.

ALL FORMS DUE: Friday, Aug. 21

DEPARTURE: Wednesday, September 2nd

RETURN: Friday, September 4th (precise time TBA, but most likely by regular dismissal time)

Sincerely,

Jason Nahra, Trip Coordinator & Lead Chaperone
