

Superintendent's Report

May 2026

A timely update on district initiatives, celebrations, and priorities, serving as a bridge between daily operations and the broader vision for Avon Grove.

Future Ready Steering Team

Future Ready Update: Shaping the Future of Avon Grove

As we wrap up another incredible academic year and look ahead to the 2026-27 school year, we want to share an exciting update from the heart of our strategic planning: the Future Ready Steering Team.

Who is the Future Ready Steering Team?

The Future Ready Steering Team is a collaborative leadership group tasked with driving our district's multi-year strategic roadmap, The AGSD Future Ready Comprehensive Plan. To ensure many voices in Avon Grove are heard, this team brings together a diverse group of stakeholders, including:

- District and school administrators
- Teachers
- High school student representatives
- Community members
- School Board Members

Together, this team works to ensure our schools are actively preparing every student for life, leadership, and careers beyond graduation.

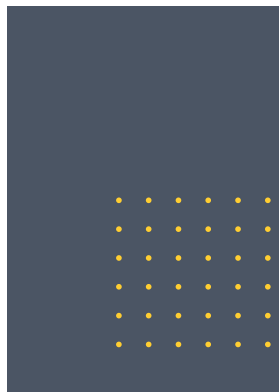

A Celebration of Creativity

Thank you to everyone who joined us for the 18th Annual AGSD Art Show! From incredible student artwork and live demonstrations to music performances and interactive activities, the event was a wonderful celebration of creativity across our schools. We are so proud of the talented artists from Penn London Elementary School, Avon Grove Intermediate School, Avon Grove Middle School, and Avon Grove High School who shared their work with our community.

A special thank you to our AGHS Art Society students and advisors for helping create such an engaging experience, and to Fulton Bank for their generous support of the AGHS Artist Awards Presentation.

One Team. One Track. No Limits.

Avon Grove's Unified Track & Field team took to the home track on April 22, showcasing what true teamwork looks like.

As part of the Special Olympics Interscholastic Unified Sports® program, our co-ed team brings together students with and without disabilities to train, compete, and succeed side by side.

Unified Sports at Avon Grove is more than competition—it's about inclusion, respect, and school pride. And just like every other interscholastic team, they represent our school with determination, heart, and excellence.

Little Friends, Big Milestones

Congratulations to our first Little Friends on graduating from the Pre-K Early Learning Lab!

The Early Learning Lab is a play-based, early childhood learning program designed to support our youngest learners as they build foundational skills in a nurturing, engaging environment.

We are so proud of these students for their growth, curiosity, and all they've accomplished this year.

AGHS Junior Kyle Burk Commits to Louisiana State University

Avon Grove School District is proud to announce that Avon Grove High School junior Kyle Burk has verbally committed to continue his academic and athletic career at Louisiana State University, where he will join the university's Division I swimming program in Fall 2027. His hard work, leadership, and dedication have earned this milestone, and we are excited to see him represent Avon Grove in Baton Rouge.

Co-Op Program Offers Hands on Experience

Did you know, Avon Grove offers a co-op program in the maintenance department? This initiative strengthens our partnership with TCHS and reinforces the importance of co-op programs, which provide students with authentic, hands-on experience, builds technical and employability skills, and supports career readiness while contributing meaningful work to the district.
