

Name _____

Directions: You will find two charts attached here. One is for PART ONE of *To Kill a Mockingbird*. The other is for PART TWO. For each chart, record lines from the book (text evidence) that are either spoken or narrated that demonstrate speech or actions that are noble, heroic or just, AND in the right-hand column, speech or actions that are hateful, prejudicial, or which show ignorance. You should write the line(s) word-for-word AND include the page number where the line/words appear. If there is an X in a box, it indicates you do not have to write anything in that exact box.
