XIV. Adjournment

XV. Executive Session (if necessary)

We have heard from community members who want more timely answers to their questions, and we are glad to share a new option that will help us do just that.

We piloted this approach at the March 30th Board of Education work session and are now making it a regular part of our meetings. Going forward, you may submit questions ahead of each Board of Education meeting using this Google Form link. The form will close Monday at 4pm, and any questions submitted by that deadline will be answered publicly at the meeting itself. This gives us time to gather accurate, complete information so we can share clear responses with everyone.

Public comment will continue as it has, giving the Board a chance to hear directly from you. Questions raised during public comment will still be followed up on individually, with responses shared at the next meeting, consistent with NYSSBA guidance.

To learn more about our current budget and planning, please review the resources below. Answers to the community's questions are available at the following link:

Superintendent's Reports | 2025-2026.

Thank you for staying involved and helping us strengthen the connection between our schools and the community we serve.
