MARPLE AFTERCARE

KINDERGARTEN ENRICHMENT

2026-2027

WHO WE ARE?

Marple Aftercare is happy to announce the return of our Kindergarten Enrichment Program. With the success of our well-established before and after school offerings, we had noticed the demand for a quality Kindergarten program. This supplemental program provides school day enrichment activities for children enrolled in half-day school district kindergarten programs.

Marple Aftercare's Kindergarten Enrichment Program combines hands-on learning, one-on-one instruction and small group activities in language arts, math, science, art, and physical education. Our goal is to support the curriculum used in Marple Newtown and other neighboring districts. We engage students in a wide variety of educational activities to provide a rich and fulfilling balance to their kindergarten day.
