

Dear TCA Family and Friends,

TCA's Board of Directors would like to share some highlights from our May 26th Board meeting:

Parent Survey and Character Update

Jody Peterson, TCA's new Director of Academic Services, presented an overview of the annual Parent Survey and Character Reports. This year's participation slightly exceeded last year's, with 1,137 parents contributing feedback. Results from both reports reflected a strong and stable school community and culture. The survey data provides valuable insight for principals as they assess each school's strengths and opportunities for growth. One of our major take-aways is that parents continue to identify TCA's staff and teachers as the school's greatest strength, followed by community, academics/quality education, and curriculum. As always, there are areas for focus and school principals have already shared feedback with their individual communities. Thank you to all who took the time to complete the survey. We value your input.

Adopt-a-School Program

In an effort to be as connected as possible with the TCA community – and to build an appreciation for the variety of events, programs, and accomplishments that each of our seven schools provide – our Board Directors will connect with the following schools for the next school year:

Central Elementary – Laura Moffat

College Pathways – Riann Heynes

Cottage School – Ben Brightwell

East Elementary – Tony Warnock

Junior High School – Phillip Fleming

High School – Bob Haller

North Elementary – Kelli Hawkins

Capital Construction Update

Mr. Kevin Pacht, the Director of Operations, provided an update on the continued progress of the East Campus construction project. With school out for the summer, all connections between the current structure and the new build have been opened. Also, over the next week, staff currently housed in the HUT will move into the building, and the trailer will be removed from the premises. Grounds crews will then focus on restoring the area with new landscaping in preparation for the start of the school year. Construction teams will be working diligently over the summer to ensure the project is ready for students and staff this fall.

As always, if you have any questions or comments, please email the board at talk2tcaboard@gmail.com

Have a terrific summer!

TCA Board of Directors
