

Riverdale Elementary School Supply List 2026-27

Important School Supplies !

We have found it very successful and more economical for our students, families and teachers to charge a school supply fee rather than have families purchase school supplies! Families will no longer need to buy common classroom items like pencils, crayons, folders, etc. We have found that this works better so teachers have the exact brand and type of supplies they want to use with their students and it takes the guesswork out for parents and causes much less waste.

Each **Scholar's Account** will be charged **\$25** through the [PayForIt](#) system.

This will allow teachers to purchase the exact materials needed throughout the year.

Instead of the traditional supply list, we're simplifying things to make it easier for families and more effective for teachers.

Students will only need to bring the following after paying the \$25 fee:

	Preschool	Kindergarten	1st Grade- 5th Grade
 A computer mouse			X
 Headphones (Please no earbuds)		X	X
 A reusable water bottle	X	X	X
