Issue 10

From the Desk of the Superintendent

As we close the chapter on another school year, it's hard not to reflect on just how much can happen in the span of nine months. This year brought growth, change, accomplishments, challenges, celebrations, and countless moments that showed me what makes Lakeview such a special place. While this was my first year serving as superintendent, what stood out most was not any one individual accomplishment, but the collective work of an entire community focused on students. Every success this year was built through the efforts of staff, students, families, board members, and community supporters all working toward the same goal: creating the best possible experience and future for our kids.

This year, the district made several important investments into our facilities and infrastructure while continuing to remain financially responsible and mindful of taxpayer resources. Projects included updated outdoor lighting systems for the football and softball fields, a new softball scoreboard, HVAC updates at both Shell Creek and Lakeview, and a storage addition at Platte Center that improves efficiency in food service. While some of these projects may not always be highly visible, each one plays a role in positioning the district well for the future.

We also continued to invest in people and opportunities. As enrollment growth continues, we added positions to support student needs, including the addition of a K-12 Adaptive Physical Education program beginning next year. Expanding opportunities for students remains a major priority for our district, and we will continue looking for ways to better support all learners.

Inside the classroom, staff continued working to strengthen systems and instructional practices that support student learning. Those efforts were reflected in strong student performance this year, including some of the highest assessment scores we've seen in recent years. While test scores never tell the whole story, they do reflect the hard work, consistency, and commitment shown by both students and staff throughout the year.

As we begin looking ahead to next year, our focus will continue to center around creating strong systems, clear direction, and a unified vision for continuous improvement across the district. We will also continue evaluating ways to improve our facilities to better support safety, efficiency, and the overall student and family experience.

No matter what changes or improvements come, our purpose remains the same: **Building a Strong Foundation in Character, Academics, & Mindset.**

Thank you for your continued support throughout this school year. I hope everyone has an opportunity this summer to recharge, spend time with family, and enjoy a well-earned break. I'm already excited for what lies ahead for Lakeview.

We are Lakeview.

History Day Fair

Students in grades 4th, 5th, and 6th at Platte Center Elementary, recently celebrated the 250th birthday of America by participating in a History Day Fair. Students researched important events from the past 250 years and created informative tri fold displays to showcase their learning. They also practiced public speaking skills by presenting their projects to parents and younger students. The fair gave students the opportunity to learn more about American history while building confidence and teamwork skills. We are very proud of the hard work, creativity, and enthusiasm our students showed during this special event.
