

TUSKER TRACKS

A weekly, trunkated note from Dr. B

The Bronstein Brief

Happy Friday, Somers!

The end-of-year celebrations are well underway! This week, I was honored to attend the Senior Convocation and celebrate our incredible graduation-bound Tuskers.

Best of luck to all of our student musicians who will be performing at the NYSSMA Solo & Ensemble Festival this weekend at SHS - break a leg!

Around the District

Students at Primrose had a high-flying learning experience this week thanks to our continued partnership with the Westchester County Police Department!

As part of a special visit from the WCPD Aviation Unit, students had the opportunity to safely observe a helicopter landing and takeoff, explore the aircraft up close, meet the pilots, and ask questions about aviation and public safety.

Experiences like these help bring learning to life while giving students a firsthand look at the important work of our community partners. Thank you to Officer Joe, Officer Alex, Officer Brian and to the Westchester County Police Department Aviation Unit for providing such an exciting and memorable opportunity for our students!

Tusker Tidbits

Freshmen in Tusker 101 recently researched and created presentations on digital citizenship, with 20 students volunteering to share their learning with fourth and fifth graders at SIS. Through lunch meetings and student-led presentations, they strengthened their communication, presentation, and public speaking skills while helping younger students learn how to be safe, responsible, and respectful digital citizens.

We're so proud of their leadership, confidence, and commitment to service through authentic learning experiences!

Tusker Pride

Congratulations to our Somers Intermediate School Math Olympiad team on an outstanding year of achievement!

Since 1979, Math Olympiads for Elementary and Middle Schools (MOEMS) has challenged students around the world with rigorous, thought-provoking mathematical problem solving. This year, more than 70,000 students from 4,179 teams participated across all 50 states, three U.S. territories, and 30 countries.

Under the guidance of Mrs. Sharon King, SIS earned High Achievement recognition by placing in the top 20% of all participating schools and teams. Special congratulations to Alex Gerosa for scoring in the top 2% of all participants, and to Violet Soto, Joseph Maloney, Molly Salaman, and Elle Van Der Hilst for placing in the top 10% worldwide!

We are so proud of the entire SIS Olympiad team, your hard work, dedication, and love of learning continue to inspire us all!

'Tails' of Triumph

Congratulations to our newest tenure recipients, who were recognized at this week's Board of Education meeting!

This important milestone reflects their dedication, hard work, and commitment to our students and school community. We are grateful for all they do each day to support, inspire, and make a difference in the lives of our learners.

Please join us in celebrating these outstanding Tuskers on this well-deserved achievement!
