HAVE USED OR UNWANTED MARKERS, PENS WOODEN OR MECHANICAL PENCILS?

Last year the Norwell Recycling and Sustainability Committee successfully initiated a project to recycle crayons and continues to collect used or unwanted crayons. We are now adding markers, pens and wooden and mechanical pencils to our collections for recycling. We are working in partnership with Staples, which has recently added them to their list of materials that can be recycled.

Just wanted to update you on the recent collection of writing tools and crayons for recycling...25 pounds kept out of landfills and 9 pounds of pencils, crayons and colored pencils for reuse. Thanks to everyone for their continued efforts.
