

Pathways to Proficient Reading

Microcredential Pacing Guide

The Oklahoma State Department of Education has partnered with AIM Institute to provide comprehensive literacy training to K-12 educators working with students with dyslexia as required by state legislation. This state-funded, online course is IDA-accredited, eligible for 3 graduate credits with our partner, [Arcadia University](#), and includes a dyslexia micro-credential upon successful completion. To learn more about this opportunity, please visit the AIM Institute webpage [HERE](#).

The asynchronous coursework can be completed at your own pace, however, the pacing guide below recommends pacing to help you stay on track and be fully prepared for each live session. These live community-of-practice sessions are pre-scheduled and guided by an AIM facilitator. The sessions are to encourage the application and discussion of the content in the course.

● OK Microcredential Cohort 42
