

Travail d'été 3->4

Pour bien réussir à parler couramment le français, il faut que le français fait partie de votre vie quotidienne. Autrement dit, IL FAUT L'UTILISER ! Il faut l'écouter, le lire et le parler ! Le temps que vous passiez en utilisant le français cet été va vraiment vous aider à réussir au cours de français niveau IV et à mieux maîtriser la langue française !

Je ne veux pas que ce soit un travail accablant ou ennuyeux, alors vous allez choisir vous-même des activités qui vous intéresse.

C'est à rendre avant la fin de la première semaine de la rentrée.

You must complete 1 assignment from each category!
