

Central Middle School Behavior Update

We invite you to take a moment to review an update on our behavior data from the 2025–2026 school year. We remain committed to supporting all students through clear expectations, strong relationships, and consistent practices that help create a positive learning environment for everyone.

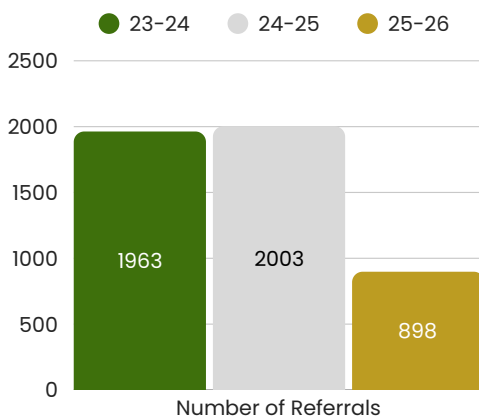

2024-2025

2025-2026

Comparison of Total Referrals

Average decline in ALL behavior referral areas compared to 2024-2025

-55%

87.8% of current CMS students agree or strongly agree to the following statement: "I feel I belong at CMS"

Key Focus Areas Driving Improvement

- Supportive interventions for students based on data
- Structured classroom environments and intentional SEL lessons
- Positive recognition & clear consequences

Continued Commitment

- Consistency and clear schoolwide expectations and procedures
- Strong communication with families
- Expanded interventions and incentives
- Increase participation in clubs, sports, and activities
