SECTION 9: Other Data	Response
a. Based on your building leadership team analysis, what are the barriers your school faced with non-assessment related issues?	Attendance/Tuancy; Child Study Team Ratios; Caseloads per Teacher; Physical Space for Learning; Other: Address Below; Full time CST, additional sped teacher and sped paras to cover IEP minutes, gymateria combo should be a separate gym and cafeteria, drop off lane for arrival/disissal, classroom walls that are actual walls, not fake accordian walls, larger classrooms,
Can they be achieved with additional resources?	Yes
Why or why not?	Full time CST so we would be able to reach the needs of all students including testing and attendance work. Additional sped teacher to adequately teach all sped students and sped paras to cover IEP minutes without having to use title paras to cover sped minutes. Gymateria combo should be a separate gym and cafeteria so we don't have to run our entire schedule around the gym and lunch. Drop off lane for arrival/disissal to help with safety of students crossing in front of traffic. Bus lane so that we can add more bus routes for magnet students to attend. Classroom walls that are actual walls, not fake accordian walls, so they don't hear everything between both classrooms. Larger classrooms to help students learn and grow effectively.
b. Additional building unique identified Items:	None
Identify the barriers that must be overcome for each student to achieve grade level proficiency on assessments.	Attendance
Identify the budget actions that should be taken to address and remove those barriers.	Add an attendance clerk or a 2nd social worker to help with attendance.
Identify the amount of time the board estimates it will take for each student to achieve grade level proficiency on the state assessments if the budge actions would be implemented.	3-5 years after all additional requests have been met.
