

Quarterly Executive Summary Daisy Elementary Renovations Q1 2026

HCS Project Managers: Tricia Lemeur

Principal: Ashley Arthur

Design: SMHa, Inc

Contractor: FBi Construction

Project Scope:

Critical Systems that are in the scope include: investigate and remediate electrical services and distributions (if needed), upgrade fire alarm, upgrade low voltage wiring, demo and rebuild of kitchen, metal roof remediation, plumbing remediation, improve exterior envelope. Refresh items that could be addressed, funding permitting, include ceiling grid and tile, lighting/flooring/painting, minor interior space adjustments, interior doors, cabinets/counters/lockers, and other such renovations.

Current Status:

Design for Phase II is complete and HCS and SMHA are working with the contractor on the GMP. Complete demo and replacement of Kitchen was decided upon based on age and issues with renovating. The fire alarm will be upgraded; a deteriorated sanitary line will be replaced; the infill and replacement of select exterior windows and doors; the upgrades and repairs of electrical room(s) and replacement of 3 cubby systems.

Budget:

Original Budget: **\$ 15,000,000** Board Approved Date: May 1, 2023

Budget Issues:

None.

Schedule:

Design: Spring 2026
Construction Start: Summer 2026
Final Completion: TBD

Schedule Issues:

None.

Achievements:

Design complete for Phase II.
