2ND-5TH

Summer Reading Tips

1

Read What You Love!

Reading is more fun when you read books that interest you! Try out mysteries, sports, animals, comics, hobbies, superheros, fairy tales, joke books and more! Make reading more fun!

2

Read 20 Minutes Each Day!

A little reading each day helps keep your brain strong all summer long.

3

Read Everywhere!

Take your books everywhere you go! Read at the park. Read in the car. Read by the pool. Read at the doctor's office! Reading in different places can make every book feel like a new adventure.

COMING SOON

*A NEW Family Engagement Center will be open to all Magnet Families in the fall!
