## VI. Information Items:

a) Welcome new CBOC member

Anthony Angelini

Ms. Hopkins welcomed Mr. Angelini to the committee and asked him to introduce himself. Afterward, everyone took a turn introducing themselves and giving a brief description of their background.

Ms. Hopkins mentioned that she found the CABOC (California Association of Bond Oversight Committees) workshop she had previously attended to be a great resource for information and recommended it to the new members. (Website: bondoversight.org).

b) Ongoing Projects:

Big Springs – Classroom Renovation – in DSA; **Construction to begin next summer**
Garden Grove – Classroom Renovation – Close Out; **NOC Filed; in process of DSA closeout**
Hollow Hills – Classroom Renovation – in DSA; **Construction to begin next summer**
Simi Valley - MPR Demo Phase II and Utility Bldg. – Close Out
Simi Valley – MPR – ~~Bidding~~ **Beginning construction once we have bonds and insurance**
Sycamore – Classroom Renovation – Close Out; **NOC Filed**
Township – Classroom Renovation - in DSA; **Construction to begin next summer**
Campus Wide Notification Project
Phase 6 – Atherwood, Katherine, Knolls, Santa Susana ES, Big Springs, White Oak – Close Out; **NOC Filed**

Ms. Rubenstein provided an update on ongoing projects and noted that comments from the Division of the State Architect (DSA) for the three elementary school renovations are expected by December, allowing for the projects to go before the Board in January. The contractors will be conducting their site walks over winter break. She also noted that the SVHS MPR kickoff meeting is scheduled for January 7, 2026.

In response to Mr. Bonesteel's inquiry, Ms. Rubenstein confirmed substantial completion of the MPR is scheduled for November 2027, with occupancy in January 2028 and closeout in March 2028. Parking lot repairs may impact this timeline; however, the contractor hopes for completion by August or September 2027. Ms. Rubenstein confirmed for Mrs. Sherman that the students will have access to classrooms by January 2028.

Mr. Bonesteel questioned whether the paving of the parking lot would be done during winter break. Ms. Rubenstein stated that the parking lot repaving cannot be done during winter break due to time constraints and is therefore planned for summer 2028. In follow up to additional questions, Ms. Rubenstein shared that a 2024 study showed that the Stow Street lot has low usage, and other lots can absorb the displaced vehicles. The site has requested partial use of the lot during construction, as the lot is currently used for staff parking.

Mr. Bonesteel further questioned where the laydown area would be. Ms. Rubenstein stated that the laydown area is proposed to be near the kitchen in the northern parking lot, to keep the trucks away from the solar panels. Access points at Cochran are under review, and the contractor has been tasked with providing a plan for the storage of the steel once it's delivered.

Ms. Rubenstein added that the contractor's goal is for completion to come by August 2027, however, that doesn't seem feasible. The contractor has been given a procurement contract to secure the HVAC and electrical, however they are still working on obtaining their subcontractors. Mr. Bonesteel asked when the NTP would be issued. Ms. Rubenstein stated that until we receive their bonds and insurance, work cannot begin or the NTP issued. Ms. Rubenstein emphasized that contractual hard dates remain unchanged despite delays.

Ms. Hopkins and Ms. Nash questioned whether there were any other schools left to be renovated. Ms. Rubenstein confirmed that all school renovations are now complete, with the exception of Hollow Hills, Township, and Big Springs which will undergo renovations in summer 2026 and Justin and Monte Vista. All schools, however, have received new furniture. Mrs. Sherman inquired about the campus notifications and Ms. Hopkins supplied that they have all been completed as well.

Circling back to the SVHS parking issue, Mr. Bonesteel suggested seeking city approval for street parking, which Ms. Rubenstein agreed to explore. Mr. Angelini noted prior approvals for similar requests have been granted in the past. Discussion continued regarding the contractor's ownership of the lot under the LLB contract and potential alternatives to the parking situation, such as periods of the workday that could be open for staff parking. It was suggested that the front lot might be used, however it appears that lot is generally full.

Ms. Hopkins explained prior issues that delayed MPR construction, and Mrs. Sherman shared her positive feedback on Royal's completed MPR.

## VII. Discussion Items

a) Communication

Mrs. Sherman informed Mr. Angelini that the current bond is nearing completion and noted that the existing project spreadsheets are not effective for highlighting progress. She would like to see the information organized by school site and district-wide for better clarity. Mrs. Sherman will collaborate with Ms. Finch to compile photos for Facebook and other social media platforms. Mr. Angelini offered his assistance as needed.

## VI. Information Items:

a) Welcome new CBOC member

Anthony Angelini

Ms. Hopkins welcomed Mr. Angelini to the committee and asked him to introduce himself. Afterward, everyone took a turn introducing themselves and giving a brief description of their background.

Ms. Hopkins mentioned that she found the CABOC (California Association of Bond Oversight Committees) workshop she had previously attended to be a great resource for information and recommended it to the new members. (Website: bondoversight.org).

b) Ongoing Projects:

Big Springs – Classroom Renovation – in DSA; **Construction to begin next summer**
Garden Grove – Classroom Renovation – Close Out; **NOC Filed; in process of DSA closeout**
Hollow Hills – Classroom Renovation – in DSA; **Construction to begin next summer**
Simi Valley - MPR Demo Phase II and Utility Bldg. – Close Out
Simi Valley – MPR – ~~Bidding~~ **Beginning construction once we have bonds and insurance**
Sycamore – Classroom Renovation – Close Out; **NOC Filed**
Township – Classroom Renovation - in DSA; **Construction to begin next summer**
Campus Wide Notification Project
Phase 6 – Atherwood, Katherine, Knolls, Santa Susana ES, Big Springs, White Oak – Close Out; **NOC Filed**

Ms. Rubenstein provided an update on ongoing projects and noted that comments from the Division of the State Architect (DSA) for the three elementary school renovations are expected by December, allowing for the projects to go before the Board in January. The contractors will be conducting their site walks over winter break. She also noted that the SVHS MPR kickoff meeting is scheduled for January 7, 2026.

In response to Mr. Bonesteel's inquiry, Ms. Rubenstein confirmed substantial completion of the MPR is scheduled for November 2027, with occupancy in January 2028 and closeout in March 2028. Parking lot repairs may impact this timeline; however, the contractor hopes for completion by August or September 2027. Ms. Rubenstein confirmed for Mrs. Sherman that the students will have access to classrooms by January 2028.

Mr. Bonesteel questioned whether the paving of the parking lot would be done during winter break. Ms. Rubenstein stated that the parking lot repaving cannot be done during winter break due to time constraints and is therefore planned for summer 2028. In follow up to additional questions, Ms. Rubenstein shared that a 2024 study showed that the Stow Street lot has low usage, and other lots can absorb the displaced vehicles. The site has requested partial use of the lot during construction, as the lot is currently used for staff parking.

Mr. Bonesteel further questioned where the laydown area would be. Ms. Rubenstein stated that the laydown area is proposed to be near the kitchen in the northern parking lot, to keep the trucks away from the solar panels. Access points at Cochran are under review, and the contractor has been tasked with providing a plan for the storage of the steel once it's delivered.

Ms. Rubenstein added that the contractor's goal is for completion to come by August 2027, however, that doesn't seem feasible. The contractor has been given a procurement contract to secure the HVAC and electrical, however they are still working on obtaining their subcontractors. Mr. Bonesteel asked when the NTP would be issued. Ms. Rubenstein stated that until we receive their bonds and insurance, work cannot begin or the NTP issued. Ms. Rubenstein emphasized that contractual hard dates remain unchanged despite delays.

Ms. Hopkins and Ms. Nash questioned whether there were any other schools left to be renovated. Ms. Rubenstein confirmed that all school renovations are now complete, with the exception of Hollow Hills, Township, and Big Springs which will undergo renovations in summer 2026 and Justin and Monte Vista. All schools, however, have received new furniture. Mrs. Sherman inquired about the campus notifications and Ms. Hopkins supplied that they have all been completed as well.

Circling back to the SVHS parking issue, Mr. Bonesteel suggested seeking city approval for street parking, which Ms. Rubenstein agreed to explore. Mr. Angelini noted prior approvals for similar requests have been granted in the past. Discussion continued regarding the contractor's ownership of the lot under the LLB contract and potential alternatives to the parking situation, such as periods of the workday that could be open for staff parking. It was suggested that the front lot might be used, however it appears that lot is generally full.

Ms. Hopkins explained prior issues that delayed MPR construction, and Mrs. Sherman shared her positive feedback on Royal's completed MPR.

## VII. Discussion Items

a) Communication

Mrs. Sherman informed Mr. Angelini that the current bond is nearing completion and noted that the existing project spreadsheets are not effective for highlighting progress. She would like to see the information organized by school site and district-wide for better clarity. Mrs. Sherman will collaborate with Ms. Finch to compile photos for Facebook and other social media platforms. Mr. Angelini offered his assistance as needed.

Ms. Rubenstein noted that the CBOC Annual Report is due for presentation at the June 2026 Board meeting. Mr. Bonesteel volunteered to prepare the report and requested a list of completed projects and accompanying photos. Ms. Hopkins confirmed it should cover the fiscal year of July 1, 2024 – June 30, 2025. Mr. Bonesteel asked if the report could be presented at the start of the meeting. Ms. Rubenstein advised that he would need to speak with Mr. Todo.

Ms. Rubenstein announced that the next meeting, originally scheduled for March 18, will need to be rescheduled due to a scheduling conflict. It was suggested it be moved to the following week, March 25th. All members agreed to the change.

Mr. Bonesteel suggested holding the May meeting at SVHS. Ms. Rubenstein agreed to confirm with the contractor.

Ms. Rubenstein noted that the CBOC Annual Report is due for presentation at the June 2026 Board meeting. Mr. Bonesteel volunteered to prepare the report and requested a list of completed projects and accompanying photos. Ms. Hopkins confirmed it should cover the fiscal year of July 1, 2024 – June 30, 2025. Mr. Bonesteel asked if the report could be presented at the start of the meeting. Ms. Rubenstein advised that he would need to speak with Mr. Todo.

Ms. Rubenstein announced that the next meeting, originally scheduled for March 18, will need to be rescheduled due to a scheduling conflict. It was suggested it be moved to the following week, March 25th. All members agreed to the change.

Mr. Bonesteel suggested holding the May meeting at SVHS. Ms. Rubenstein agreed to confirm with the contractor.

## VI. Information Items:

a) Welcome new CBOC member

Anthony Angelini

Ms. Hopkins welcomed Mr. Angelini to the committee and asked him to introduce himself. Afterward, everyone took a turn introducing themselves and giving a brief description of their background.

Ms. Hopkins mentioned that she found the CABOC (California Association of Bond Oversight Committees) workshop she had previously attended to be a great resource for information and recommended it to the new members. (Website: bondoversight.org).

b) Ongoing Projects:

Big Springs – Classroom Renovation – in DSA; **Construction to begin next summer**
Garden Grove – Classroom Renovation – Close Out; **NOC Filed; in process of DSA closeout**
Hollow Hills – Classroom Renovation – in DSA; **Construction to begin next summer**
Simi Valley - MPR Demo Phase II and Utility Bldg. – Close Out
Simi Valley – MPR – ~~Bidding~~ **Beginning construction once we have bonds and insurance**
Sycamore – Classroom Renovation – Close Out; **NOC Filed**
Township – Classroom Renovation - in DSA; **Construction to begin next summer**
Campus Wide Notification Project
Phase 6 – Atherwood, Katherine, Knolls, Santa Susana ES, Big Springs, White Oak – Close Out; **NOC Filed**

Ms. Rubenstein provided an update on ongoing projects and noted that comments from the Division of the State Architect (DSA) for the three elementary school renovations are expected by December, allowing for the projects to go before the Board in January. The contractors will be conducting their site walks over winter break. She also noted that the SVHS MPR kickoff meeting is scheduled for January 7, 2026.

In response to Mr. Bonesteel's inquiry, Ms. Rubenstein confirmed substantial completion of the MPR is scheduled for November 2027, with occupancy in January 2028 and closeout in March 2028. Parking lot repairs may impact this timeline; however, the contractor hopes for completion by August or September 2027. Ms. Rubenstein confirmed for Mrs. Sherman that the students will have access to classrooms by January 2028.

Mr. Bonesteel questioned whether the paving of the parking lot would be done during winter break. Ms. Rubenstein stated that the parking lot repaving cannot be done during winter break due to time constraints and is therefore planned for summer 2028. In follow up to additional questions, Ms. Rubenstein shared that a 2024 study showed that the Stow Street lot has low usage, and other lots can absorb the displaced vehicles. The site has requested partial use of the lot during construction, as the lot is currently used for staff parking.

Mr. Bonesteel further questioned where the laydown area would be. Ms. Rubenstein stated that the laydown area is proposed to be near the kitchen in the northern parking lot, to keep the trucks away from the solar panels. Access points at Cochran are under review, and the contractor has been tasked with providing a plan for the storage of the steel once it's delivered.

Ms. Rubenstein added that the contractor's goal is for completion to come by August 2027, however, that doesn't seem feasible. The contractor has been given a procurement contract to secure the HVAC and electrical, however they are still working on obtaining their subcontractors. Mr. Bonesteel asked when the NTP would be issued. Ms. Rubenstein stated that until we receive their bonds and insurance, work cannot begin or the NTP issued. Ms. Rubenstein emphasized that contractual hard dates remain unchanged despite delays.

Ms. Hopkins and Ms. Nash questioned whether there were any other schools left to be renovated. Ms. Rubenstein confirmed that all school renovations are now complete, with the exception of Hollow Hills, Township, and Big Springs which will undergo renovations in summer 2026 and Justin and Monte Vista. All schools, however, have received new furniture. Mrs. Sherman inquired about the campus notifications and Ms. Hopkins supplied that they have all been completed as well.

Circling back to the SVHS parking issue, Mr. Bonesteel suggested seeking city approval for street parking, which Ms. Rubenstein agreed to explore. Mr. Angelini noted prior approvals for similar requests have been granted in the past. Discussion continued regarding the contractor's ownership of the lot under the LLB contract and potential alternatives to the parking situation, such as periods of the workday that could be open for staff parking. It was suggested that the front lot might be used, however it appears that lot is generally full.

Ms. Hopkins explained prior issues that delayed MPR construction, and Mrs. Sherman shared her positive feedback on Royal's completed MPR.

## VII. Discussion Items

a) Communication

Mrs. Sherman informed Mr. Angelini that the current bond is nearing completion and noted that the existing project spreadsheets are not effective for highlighting progress. She would like to see the information organized by school site and district-wide for better clarity. Mrs. Sherman will collaborate with Ms. Finch to compile photos for Facebook and other social media platforms. Mr. Angelini offered his assistance as needed.

Ms. Rubenstein noted that the CBOC Annual Report is due for presentation at the June 2026 Board meeting. Mr. Bonesteel volunteered to prepare the report and requested a list of completed projects and accompanying photos. Ms. Hopkins confirmed it should cover the fiscal year of July 1, 2024 – June 30, 2025. Mr. Bonesteel asked if the report could be presented at the start of the meeting. Ms. Rubenstein advised that he would need to speak with Mr. Todo.

Ms. Rubenstein announced that the next meeting, originally scheduled for March 18, will need to be rescheduled due to a scheduling conflict. It was suggested it be moved to the following week, March 25th. All members agreed to the change.

Mr. Bonesteel suggested holding the May meeting at SVHS. Ms. Rubenstein agreed to confirm with the contractor.

## VI. Information Items:

a) Welcome new CBOC member

Anthony Angelini

Ms. Hopkins welcomed Mr. Angelini to the committee and asked him to introduce himself. Afterward, everyone took a turn introducing themselves and giving a brief description of their background.

Ms. Hopkins mentioned that she found the CABOC (California Association of Bond Oversight Committees) workshop she had previously attended to be a great resource for information and recommended it to the new members. (Website: bondoversight.org).

b) Ongoing Projects:

Big Springs – Classroom Renovation – in DSA; **Construction to begin next summer**
Garden Grove – Classroom Renovation – Close Out; **NOC Filed; in process of DSA closeout**
Hollow Hills – Classroom Renovation – in DSA; **Construction to begin next summer**
Simi Valley - MPR Demo Phase II and Utility Bldg. – Close Out
Simi Valley – MPR – ~~Bidding~~ **Beginning construction once we have bonds and insurance**
Sycamore – Classroom Renovation – Close Out; **NOC Filed**
Township – Classroom Renovation - in DSA; **Construction to begin next summer**
Campus Wide Notification Project
Phase 6 – Atherwood, Katherine, Knolls, Santa Susana ES, Big Springs, White Oak – Close Out; **NOC Filed**

Ms. Rubenstein provided an update on ongoing projects and noted that comments from the Division of the State Architect (DSA) for the three elementary school renovations are expected by December, allowing for the projects to go before the Board in January. The contractors will be conducting their site walks over winter break. She also noted that the SVHS MPR kickoff meeting is scheduled for January 7, 2026.

In response to Mr. Bonesteel's inquiry, Ms. Rubenstein confirmed substantial completion of the MPR is scheduled for November 2027, with occupancy in January 2028 and closeout in March 2028. Parking lot repairs may impact this timeline; however, the contractor hopes for completion by August or September 2027. Ms. Rubenstein confirmed for Mrs. Sherman that the students will have access to classrooms by January 2028.

Mr. Bonesteel questioned whether the paving of the parking lot would be done during winter break. Ms. Rubenstein stated that the parking lot repaving cannot be done during winter break due to time constraints and is therefore planned for summer 2028. In follow up to additional questions, Ms. Rubenstein shared that a 2024 study showed that the Stow Street lot has low usage, and other lots can absorb the displaced vehicles. The site has requested partial use of the lot during construction, as the lot is currently used for staff parking.

Mr. Bonesteel further questioned where the laydown area would be. Ms. Rubenstein stated that the laydown area is proposed to be near the kitchen in the northern parking lot, to keep the trucks away from the solar panels. Access points at Cochran are under review, and the contractor has been tasked with providing a plan for the storage of the steel once it's delivered.

Ms. Rubenstein added that the contractor's goal is for completion to come by August 2027, however, that doesn't seem feasible. The contractor has been given a procurement contract to secure the HVAC and electrical, however they are still working on obtaining their subcontractors. Mr. Bonesteel asked when the NTP would be issued. Ms. Rubenstein stated that until we receive their bonds and insurance, work cannot begin or the NTP issued. Ms. Rubenstein emphasized that contractual hard dates remain unchanged despite delays.

Ms. Hopkins and Ms. Nash questioned whether there were any other schools left to be renovated. Ms. Rubenstein confirmed that all school renovations are now complete, with the exception of Hollow Hills, Township, and Big Springs which will undergo renovations in summer 2026 and Justin and Monte Vista. All schools, however, have received new furniture. Mrs. Sherman inquired about the campus notifications and Ms. Hopkins supplied that they have all been completed as well.

Circling back to the SVHS parking issue, Mr. Bonesteel suggested seeking city approval for street parking, which Ms. Rubenstein agreed to explore. Mr. Angelini noted prior approvals for similar requests have been granted in the past. Discussion continued regarding the contractor's ownership of the lot under the LLB contract and potential alternatives to the parking situation, such as periods of the workday that could be open for staff parking. It was suggested that the front lot might be used, however it appears that lot is generally full.

Ms. Hopkins explained prior issues that delayed MPR construction, and Mrs. Sherman shared her positive feedback on Royal's completed MPR.

## VII. Discussion Items

a) Communication

Mrs. Sherman informed Mr. Angelini that the current bond is nearing completion and noted that the existing project spreadsheets are not effective for highlighting progress. She would like to see the information organized by school site and district-wide for better clarity. Mrs. Sherman will collaborate with Ms. Finch to compile photos for Facebook and other social media platforms. Mr. Angelini offered his assistance as needed.

## VIII. Action Items

None.

## IX. New Business

Ms. Rubenstein noted that the CBOC Annual Report is due for presentation at the June 2026 Board meeting. Mr. Bonesteel volunteered to prepare the report and requested a list of completed projects and accompanying photos. Ms. Hopkins confirmed it should cover the fiscal year of July 1, 2024 – June 30, 2025. Mr. Bonesteel asked if the report could be presented at the start of the meeting. Ms. Rubenstein advised that he would need to speak with Mr. Todo.

Ms. Rubenstein announced that the next meeting, originally scheduled for March 18, will need to be rescheduled due to a scheduling conflict. It was suggested it be moved to the following week, March 25th. All members agreed to the change.

Mr. Bonesteel suggested holding the May meeting at SVHS. Ms. Rubenstein agreed to confirm with the contractor.
