- Additional snacks are always needed throughout the school year- we serve snack to every child, every day. Many of our students do not eat meals well and most of their intake at school comes from a snack. We realize this is not a mandatory thing, but it makes for much happier, healthier kiddos and gives everyone another chance to practice needed social and independent skills like: opening packages independently, cleaning up after one's self, proper table manners, not over-stuffing mouth, etc.

- packaging tape
- plastic sheet protectors
