May 2026

Dear Rising 7th and 8th Grade Parents/Guardians,

The math summer assignments for SY 26-27 will be completed through the [DeltaMath](#) website. The links below are needed to access the summer assignments for each rising 7th and 8th grader. To begin, register for a DeltaMath account using their school email address. Once their account has been created, they must **select the link below** that corresponds to their assigned math course for next school year. All assignments **must** be completed by the start of the school year, and the completed summer assignments will count as a test grade during the first trimester grading period. Please have students show all work (if applicable) in their required composition notebook needed for next year. This will be collected the first week of school.

Rising 7th grade: <https://www.deltamath.com/students?code=A9V6-X2X5>

Rising 8th grade (Math 8): <https://www.deltamath.com/students?code=B927-WV9Y>

Rising Algebra 1: <https://www.deltamath.com/students?code=Z344-E8QE>

We recognize and appreciate the time invested in your child's education and hope that this approach will be beneficial to both students and parents alike. Please do not hesitate to contact us. Questions or concerns regarding summer reinforcement work can be directed to the teachers below; email will be checked periodically.

Rising 7th: Ms. Hamilton at lehamilton@stmarkcatholic.net

Rising 8th: Ms. Verville at AMVerville@stmarkcatholic.net

Sincerely,
The St. Mark Mathematics Department
