

**PIAA COMPREHENSIVE INITIAL
PRE-PARTICIPATION PHYSICAL EVALUATION**

INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first six Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3, 4, and 5 by the student and parent/guardian; and Section 6 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. The CIPPE may **NOT** be authorized earlier than May 1st and shall be effective, regardless of when performed during a school year, until the latter of the next April 30th or the conclusion of the spring sports season.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 7 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, will then determine whether Section 8 need be completed.

SECTION 1: PERSONAL AND EMERGENCY INFORMATION

PERSONAL INFORMATION

Student's Name _____ Male/Female (circle one)
Student's Date of Birth: ____/____/____ Student's Age on Last Birthday: _____ Grade _____ for 20____ - 20____
School Year
Current Physical Address _____
Current Home Phone # () _____ Parent/Guardian Current Cellular Phone # () _____
Parent/Guardian E-mail Address: _____
Fall Sport(s): _____ Winter Sport(s): _____ Spring Sport(s): _____

EMERGENCY INFORMATION

Parent's/Guardian's Name _____ Relationship _____
Address _____ Emergency Contact Telephone # () _____
Secondary Emergency Contact Person's Name _____ Relationship _____
Address _____ Emergency Contact Telephone # () _____
Medical Insurance Carrier _____ Policy Number _____
Address _____ Telephone # () _____
Family Physician's Name _____, MD or DO (circle one)
Address _____ Telephone # () _____
Student's Allergies _____
Student's Health Condition(s) of Which an Emergency Physician or Other Medical Personnel Should be Aware _____

Student's Prescription Medications and conditions of which they are being prescribed _____

SECTION 2: CERTIFICATION OF PARENT/GUARDIAN

The student's parent/guardian must complete all parts of this form.

A. I hereby give my consent for _____ born on _____ who turned _____ on his/her last birthday, a student of _____ School and a resident of the _____ public school district, to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests during the 20____ - 20____ school year in the sport(s) as indicated by my signature(s) following the name of the said sport(s) approved below.

Fall Sports	Signature of Parent or Guardian
Cross Country	
Field Hockey	
Football	
Golf	
Soccer	
Girls' Tennis	
Girls' Volleyball	
Water Polo	
Other	

Winter Sports	Signature of Parent or Guardian
Basketball	
Bowling	
Competitive Spirit Squad	
Girls' Gymnastics	
Rifle	
Swimming and Diving	
Track & Field (Indoor)	
Wrestling	
Other	

Spring Sports	Signature of Parent or Guardian
Baseball	
Boys' Lacrosse	
Girls' Lacrosse	
Softball	
Boys' Tennis	
Track & Field (Outdoor)	
Boys' Volleyball	
Other	

B. **Understanding of eligibility rules:** I hereby acknowledge that I am familiar with the requirements of PIAA concerning the eligibility of students at PIAA member schools to participate in Inter-School Practices, Scrimmages, and/or Contests involving PIAA member schools. Such requirements, which are posted on the PIAA Web site at www.piaa.org, include, but are not necessarily limited to age, amateur status, school attendance, health, transfer from one school to another, season and out-of-season rules and regulations, semesters of attendance, seasons of sports participation, and academic performance.

Parent's/Guardian's Signature _____ Date ____/____/____

C. **Disclosure of records needed to determine eligibility:** I hereby consent to the release to PIAA of any and all portions of school record files, beginning with the seventh grade, of the herein named student specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), residence address of the student, health records, academic work completed, grades received, and attendance data.

Parent's/Guardian's Signature _____ Date ____/____/____

D. **Permission to use name, likeness, and athletic information:** I consent to PIAA's use of the herein named student's name, likeness, and athletically related information in video broadcasts and re-broadcasts, webcasts and reports of Inter-School Practices, Scrimmages, and/or Contests, promotional literature of the Association, and other materials and releases related to interscholastic athletics.

Parent's/Guardian's Signature _____ Date ____/____/____

E. **Permission to administer emergency medical care:** I consent for an emergency medical care provider to administer any emergency medical care deemed advisable to the welfare of the herein named student while the student is practicing for or participating in Inter-School Practices, Scrimmages, and/or Contests. Further, this authorization permits, if reasonable efforts to contact me have been unsuccessful, physicians to hospitalize, secure appropriate consultation, to order injections, anesthesia (local, general, or both) or surgery for the herein named student. I hereby agree to pay for physicians' and/or surgeons' fees, hospital charges, and related expenses for such emergency medical care. I further give permission to the school's athletic administration, coaches and medical staff to consult with the Authorized Medical Professional who executes Section 7 regarding a medical condition or injury to the herein named student.

Parent's/Guardian's Signature _____ Date ____/____/____

F. **Confidentiality:** The information on this CIPPE shall be treated as confidential by school personnel. It may be used by the school's athletic administration, coaches and medical staff to determine athletic eligibility, to identify medical conditions and injuries, and to promote safety and injury prevention. In the event of an emergency, the information contained in this CIPPE may be shared with emergency medical personnel. Information about an injury or medical condition will not be shared with the public or media without written consent of the parent(s) or guardian(s).

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 3: UNDERSTANDING OF RISK OF CONCUSSION AND TRAUMATIC BRAIN INJURY

What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body.
- Can change the way a student's brain normally works.
- Can occur during Practices and/or Contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been "dinged" or "had their bell rung."

All concussions are serious. A concussion can affect a student's ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student's brain time to heal.

What are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, **one or more** of the symptoms listed below may become apparent and/or that the student "doesn't feel right" soon after, a few days after, or even weeks after the injury.

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion

What should students do if they believe that they or someone else may have a concussion?

- **Students feeling any of the symptoms set forth above should immediately tell their Coach and their parents.** Also, if they notice any teammate evidencing such symptoms, they should immediately tell their Coach.
- **The student should be evaluated.** A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.
- **Concussed students should give themselves time to get better.** If a student has sustained a concussion, the student's brain needs time to heal. While a concussed student's brain is still healing, that student is much more likely to have another concussion. Repeat concussions can increase the time it takes for an already concussed student to recover and may cause more damage to that student's brain. Such damage can have long term consequences. It is important that a concussed student rest and not return to play until the student receives permission from an MD or DO, sufficiently familiar with current concussion management, that the student is symptom-free.

How can students prevent a concussion? Every sport is different, but there are steps students can take to protect themselves.

- Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be:
 - The right equipment for the sport, position, or activity;
 - Worn correctly and the correct size and fit; and
 - Used every time the student Practices and/or competes.
- Follow the Coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they may have a concussion: Don't hide it. Report it. Take time to recover.

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Student's Signature _____ Date ____/____/____

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 4: UNDERSTANDING OF SUDDEN CARDIAC ARREST SYMPTOMS AND WARNING SIGNS

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) occurs when the heart suddenly and unexpectedly stops beating. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

There are about 350,000 cardiac arrests that occur outside of hospitals each year. More than 10,000 individuals under the age of 25 die of SCA each year. SCA is the number one killer of student athletes and the leading cause of death on school campuses.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as

- Dizziness or lightheadedness when exercising;
- Fainting or passing out during or after exercising;
- Shortness of breath or difficulty breathing with exercise, that is not asthma related;
- Racing, skipped beats or fluttering heartbeat (palpitations)
- Fatigue (extreme or recent onset of tiredness)
- Weakness;
- Chest pains/pressure or tightness during or after exercise.

These symptoms can be unclear and confusing in athletes. Some may ignore the signs or think they are normal results off physical exhaustion. If the conditions that cause SCA are diagnosed and treated before a life-threatening event, sudden cardiac death can be prevented in many young athletes.

What are the risks of practicing or playing after experiencing these symptoms?

There are significant risks associated with continuing to practice or play after experiencing these symptoms. The symptoms might mean something is wrong and the athlete should be checked before returning to play. When the heart stops due to cardiac arrest, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who experience a SCA die from it; survival rates are below 10%.

Act 73 – Peyton's Law - Electrocardiogram testing for student athletes

The Act is intended to help keep student-athletes safe while practicing or playing by providing education about SCA and by requiring notification to parents that you can request, at your expense, an electrocardiogram (EKG or ECG) as part of the physical examination to help uncover hidden heart issues that can lead to SCA.

Why do heart conditions that put youth at risk go undetected?

- Up to 90 percent of underlying heart issues are missed when using only the history and physical exam;
- Most heart conditions that can lead to SCA are not detectable by listening to the heart with a stethoscope during a routine physical; and
- Often, youth don't report or recognize symptoms of a potential heart condition.

What is an electrocardiogram (EKG or ECG)?

An ECG/EKG is a quick, painless and noninvasive test that measures and records a moment in time of the heart's electrical activity. Small electrode patches are attached to the skin of your chest, arms and legs by a technician. An ECG/EKG provides information about the structure, function, rate and rhythm of the heart.

Why add an ECG/EKG to the physical examination?

Adding an ECG/EKG to the history and physical exam can suggest further testing or help identify up to two-thirds of heart conditions that can lead to SCA. An ECG/EKG can be ordered by your physician for screening for cardiovascular disease or for a variety of symptoms such as chest pain, palpitations, dizziness, fainting, or family history of heart disease.

- ECG/EKG screenings should be considered every 1-2 years because young hearts grow and change.
- ECG/EKG screenings may increase sensitivity for detection of undiagnosed cardiac disease but may not prevent SCA.
- ECG/EKG screenings with abnormal findings should be evaluated by trained physicians.
- If the ECG/EKG screening has abnormal findings, additional testing may need to be done (with associated cost and risk) before a diagnosis can be made, and may prevent the student from participating in sports for a short period of time until the testing is completed and more specific recommendations can be made.
- The ECG/EKG can have false positive findings, suggesting an abnormality that does not really exist (false positive findings occur less when ECG/EKGs are read by a medical practitioner proficient in ECG/EKG interpretation of children, adolescents and young athletes).
- ECGs/EKGs result in fewer false positives than simply using the current history and physical exam.

The American College of Cardiology/American Heart Association guidelines do not recommend an ECG or EKG in asymptomatic patients but do support local programs in which ECG or EKG can be applied with high-quality resources.

Removal from play/return to play

Any student-athlete who has signs or symptoms of SCA must be removed from play (which includes all athletic activity). The symptoms can happen before, during, or after activity.

Before returning to play, the athlete must be evaluated and cleared. Clearance to return to play must be in writing. The evaluation must be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or certified medical professionals.

I have reviewed this form and understand the symptoms and warning signs of SCA. I have also read the information about the electrocardiogram testing and how it may help to detect hidden heart issues.

LOWER DAUPHIN SCHOOL DISTRICT

STUDENT ATHLETE CODE OF CONDUCT

STUDENT ATHLETE CODE OF CONDUCT

Purpose:

The Board recognizes the value of a program of interscholastic athletics as an integral part of the total school experience for all district students and as a conduit for community involvement. The game activities and practice sessions provide opportunities to teach the values of competition, sportsmanship, and teamwork.

Scope:

The Lower Dauphin High School and Middle School (Lower Dauphin Secondary Schools grades 7-12) is a member of the National Federation of High Schools, Pennsylvania Interscholastic Athletic Association and the Mid Penn Athletic Conference. In the interest of fair play and sportsmanship, the Lower Dauphin Schools adopt and enforce the rules, policies and guidelines of those organizations as they pertain to student conduct and eligibility. The Lower Dauphin Schools have also found it necessary to develop, adopt and enforce local procedures and policies pertinent to student conduct and eligibility to ensure a safe and positive athletic experience. These rules are in addition to the Student Code of Conduct and affect participation in athletics only. The same misconduct may result in discipline under the Student Code of Conduct, as listed in the Student Handbook.

This Code of Conduct applies to all students participating in interscholastic athletics as defined in Board policy.

Students must conduct themselves at all times, including after school and on days school is not in session, as good citizens and representatives of their school; they must behave in ways that are consistent with good sportsmanship, leadership, and appropriate moral conduct. Students are expected to demonstrate good citizenship and exemplary conduct in the classroom, in the community, and during all facets of an extracurricular activity.

The Code of Conduct describes the expectations and goals of the extracurricular activities program. This Code does not contain a complete list of inappropriate behaviors for students in extracurricular activities. This Code of Conduct will be enforced 365 days a year, twenty-four (24) hours a day. A student may be excluded from activities or competition while the school is conducting an investigation regarding that student's conduct.

Code:

As a student athlete I will:

- Participate with the understanding that being a member of any team is a privilege.
- Respect and follow the team code of conduct shared by my coach
- Know and obey all local school rules and policies that pertain to student conduct and eligibility, including but not limited to policies 122, 123, 123.1, 123.2, 218, 218.2, 221, 227.
- Not engage in any act of bullying, harassment, or hazing in accordance to policies 247, 249
- Know and uphold all NFHS, PIAA and Mid Penn Conference rules that pertain to student conduct and eligibility.
- Uphold and practice the principles of good sportsmanship towards teammates, opponents, coaches, contest officials and spectators.
- Practice and model positive decision-making concerning issues that affect teammates, my coaches, and me.
- Keep my mind and body healthy by refraining from abuse of prescribed drugs, alcohol or tobacco products
- Return all school loaned property immediately at the completion of the season. Use school loaned equipment only for the purpose it was issued.

A student participating in an extracurricular activity will be subject to disciplinary action if s/he violates the above school and team codes of conduct. Each coach is required to develop the team code of conduct and distribute it to participants and the athletic director prior to the start of the season.

All students remain subject to the Board's student discipline policies, administrative regulations and/or the school's student handbook and the disciplinary measures listed in them.

Confirmation:

I understand that non-compliance with the above rules of conduct, and team issued rules, may result in disciplinary consequences by my coach, and or school administration. The consequences may vary and could include, but are not limited to warning, change of team status, suspension and expulsion from the team and, intervention by an outside agency. The same infractions may violate the separate student code of conduct and result in other consequences related to school

Print Athlete's Sport(s)

As part of a contractual agreement with UPMC Sports Medicine, certified athletic trainers may aide in the prevention, recognition, evaluation, and treatment of athletic injuries. **Please note that the forms below have**

no relationship to your health insurance plan and in no way, influence your choice of medical care.

UPMC must have these forms completed to comply with privacy and standard consent to treat laws.

(1) UPMC Authorization for Release of Protected Health Information

- I authorize UPMC to provide information related to the athlete's care to family/school/team physicians, school nurses, coaches, athletic directors, school principals, EMS personnel, and such other persons as is necessary needed for them to provide consultation, treatment, establish a plan of care or determine whether the athlete may resume participation in school or sports activities.
- I authorize UPMC to use the athlete's medical information for UPMC internal departmental reporting purposes.
- I authorize UPMC (including its hospitals, other entities and programs) to use medical or other information maintained on electronic information systems or stored in various forms about the athlete's care, health care operations, or payment for treatment and services.
- I understand that the health record(s) released by UPMC may be re-disclosed by the facility/person that receives the record(s) and therefore (1) UPMC and its staff/employees has no responsibility or liability because of the re-disclosure and (2) such information may no longer be protected by federal or state privacy laws.
- I understand that this Authorization is in effect for a period of one year from the date signed by the athlete.
- I understand that this Authorization is in effect if the athlete is treated for an injury during off-season workouts; however, no time frame specified shall go beyond one year from the date of signature.
- I understand that I have the right to revoke this Authorization form at any time by sending a written request to UPMC at the location where the Authorization was provided.
- I understand that my decision to revoke the Authorization does not apply to any release of my health record(s) that may have taken place prior to the date of my request to revoke the Authorization. • I understand that I am entitled to a copy of this completed Authorization form.

Print Athlete's NameSport 1: _____ Sport 2: _____ Sport 3: _____
Print Athlete's Sport(s)**(2) UPMC Consent for Treatment and Healthcare Operations**

I consent to the provision of care. I understand that this care may include medical treatment, special tests, exams, evaluation, treatment, and rehabilitation of athletic injuries. I acknowledge that no guarantees have been given to me as to the outcome of any examination or treatment and all results of any examination and/or treatment are kept confidential.

I understand and agree that others may assist or participate in providing care. This may include, but may not be limited to team physician, school nurse, and licensed physical therapists. Under the direction of a certified athletic trainer, college/university athletic training students and high school student aides may also provide care.

I acknowledge that no guarantees have been given to me as to the outcome of any examination or treatment.

In the event of ImPACT baseline testing, I understand the ImPACT baseline testing provided by UPMC Sports Medicine is not intended to prevent, diagnose, or treat a concussion and is not to be administered following a possible concussion. If the athlete suffers a concussion, the administration of an ImPACT post-test is generally conducted at the discretion of the concussion specialist at their facility.

(3) UPMC Privacy Practices

I understand that copies of the UPMC Notice of Privacy Practices document are available at the school, can be sent in the mail upon my request or viewed at <http://www.upmc.com/patients-visitors/privacy-info/Pages/default.aspx>. I give UPMC and its designees permission to use my information as described in the UPMC Notice of Privacy Practices.

By signing below, I am acknowledging the above (1) Authorization for Release of Protected Health Information, (2) Consent for Treatment and Healthcare Operations, and (3) Notice of Privacy Practices.

Dear Parent/Guardian:

As part of a contractual agreement between UPMC Sports Medicine and *Lower Dauphin school district*, UPMC provides 2 certified athletic trainers to aid in the prevention, recognition, evaluation, and treatment of athletic injuries.

To treat your son or daughter, two forms must be signed by parents/guardians of student-athletes. One is the "Consent for Treatment, Payment and Health Care Operations." This gives the athletic trainer(s) and other associated healthcare personnel permission to assist or participate in providing care in the event of an injury or illness. The other form is the "Authorization for Release of Protected Health Information." This form allows the athletic trainer(s) to communicate with medical personnel and the school district's athletic department personnel in order to provide consultation, treatment, and establish a plan of care for the injured or ill patient.

Please note that these forms have no relationship to your health insurance plan and in no way influence your choice of medical care. UPMC, as the employers of the athletic trainer(s) at *Lower Dauphin school district*, must have these forms completed in order to provide care for your son or daughter to comply with privacy and standard consent to treat laws.

In addition, copies of the UPMC Notice of Privacy Practices document are available at the school, can be sent in the mail upon request, or viewed at <https://www.upmc.com/patients-visitors/privacy-info/notice-of-privacy-practice>.

Please sign the attached documents. If you revoke this authorization or consent form, please contact the athletic office at 717-566-5338. We look forward to your student-athlete's safe participation in *Lower Dauphin* athletics. Thank you for your time.

Sincerely,

Tara Smoot, ATC

Kurtis Kessler, PT, DPT, SCS, ATC

Certified Athletic Trainer

UPMC Center for Sports Medicine
