Purpose of Collection Development Policy

SDPBC Policy 8.12 (6.a) stipulates "Each school shall, in conjunction with the "Library Bill of Rights" of the American Library Association (ALA) and District policy, establish procedures for the evaluation, selection, management and disposal of library media materials in conformance with this policy and Policy 8.1205 and shall record such in the school's collection development policy." (Appendix A).

This collection development policy is a statement of the principles and guidelines used by the library in its selection, acquisition, evaluation, deselection, and maintenance of materials. It will be used to communicate the library's policies to faculty, students, staff, and other stakeholders of our school's community. It is understood that this document is fluid and changes in the curriculum, demographics, information needs, or programs of the school will mandate updates to the collection and its governing policies.

The acquisition and maintenance of materials collection is a primary function of the library media staff, primarily being the librarian, since the media clerk is used for many other roles within the school. Collection development and management refers to the process of building and maintaining the library's entire materials collection, in print, non-print, audio visual and electronic formats so that they are available to every student at the time of need to support and enrich the student's educational experience.

The collection development process includes the formulation of policy and procedures, budget, allocations, needs assessment, selection, collection maintenance and evaluation, deselection and resource sharing.

The primary goal of the library's collection development efforts is to build a current collection that supports the needs of the school community and maintains the boundaries for size, average age, and access. This goal supports the information needs of students as defined by the mission and goals of the:

- School District of Palm Beach County;
- ALA/AASL Standards for the 21st Century Learner;
- Partnership for 21st Century Skills; and
- International Society for Technology in Education (ISTE) National Education Technology Standards (NETS)

The library recognizes its responsibility to respond to the reading (for curriculum and pleasure), reference, and research needs of the student body and faculty in an age of information abundance. The electronic catalog of resources for the school and district is maintained by the Department of K-12 Instructional Materials and Library Media Services and is available at all times to students, faculty, and parents.

The library is expected to be open every day that students and/or faculty are in attendance, to the extent the librarian can control such matters. In regards to testing, the library will be allowed to continue access for students and staff at the discretion of school administration. When the facility cannot meet information needs, research and reference materials will still be available at all times, in all locations, through the district-wide electronic subscription databases. Interlibrary loan is available through district membership.

Background Statement & School Community

The users of ACHS library come from grades nine (9) through twelve (12) in addition to the faculty, staff, and parents of that community of users.

According to the district's Gold Report summary dated October 2025, ACHS has a population of 1603 students. This is a unique and culturally diverse population attending our school for a variety of programs including Army JROTC Academy, Construction Academy, Criminal Justice Academy, Drafting Academy, Early Childhood Teacher Education Academy, International Baccalaureate Diploma, Photography Academy, Sports Management & Recreation Academy and Video Production Academy. Many students have a first language other than English, and those languages include Haitian Creole, Spanish, Portuguese, Bengali, Filipino, Serbian, Polish, Hindi, Albanian, French, Vietnamese, and more.

Demographic Information:

- Black – 72%
- White – 9%
- Hispanic – 13%
- Asian/Mixed Race/Other – 6%
- Free/Reduced Lunch – 54%
- ESE – 19%
- ELL – 17%

School Mission Statement

Atlantic Community High School exists to serve the educational needs of the community and its students. Our mission is to enable all students to become positive and productive members of society. To achieve this mission, we must address many facets of the "whole student," intellectually, socially, morally, physically and aesthetically. The overall climate must encourage students to reach their potential, "to be the best they can be." This climate must encourage and reward achievement, self-discipline, tolerance, leadership and service to others.

Media Center Mission Statement

The library media center is dedicated to designing and maintaining a library media program that supports, complements, and expands the instructional program of the Atlantic Community High School while cultivating users who are information literate, readers for pleasure, and life-long learners. To this end, the library media center will

- Provide free and open access to all information resources for all members of the school community;
- Provide and promote extensive use of resources in multiple formats that are designed to meet the varying needs of all learners in all aspects of the curriculum;
- Provide a learning environment which promotes inquiry;
- Stimulate intellectual curiosity;
- Encourage pleasure reading through an inclusive collection;
- Develop diverse interests for the enjoyment of lifelong learning; and
- Provide and promote instruction to prepare students to become independent users of libraries and information resources.

Responsibility for Collection Management & Development

The primary goal of the library's collection development efforts is to build a collection that supports the needs of the school community while also positively representing all stakeholders. Acquisition and maintenance of the collection is critical. This process includes the formulation of policies and procedures, budget allocations, needs assessment, selection criteria, collection maintenance and evaluation, and resource management.

The library has a responsibility to respond to the needs of the student body and faculty. The librarian serves as the liaison between the library media center and all departments as well as parents and students and stakeholders at large. The librarian prioritizes requests made by all stakeholders for input on future purchases, while conforming to selection policies, and strives to maintain a balance in the library collection to ensure that both instructional and recreational needs are met.

The librarian strives to maintain a collection as diverse as the population it serves. Material selection seeks to maintain a balanced representation of a variety of opinions, theories, ideologies, cultures, issues, and controversial topics, so that patrons may find materials that reflect their worldviews while also having the opportunity to explore other worldviews. Additionally, we're looking for more than representation—we need healthy representation that affirms our teens' experiences and helps people outside that group to question and challenge harmful stereotypes ([Karen Jensen, SLJ](#)).

Library Program

Foremost among national standards for school library media center programs is the need to work collaboratively with teachers to develop meaningful literacy information lesson plans that integrate into classroom learning. At ACHS, the librarian collaborates with teachers from all disciplines to increase student achievement by supplementing existing curriculum in accordance with course standards.

The library is open each day that students are in attendance to ensure equitable access for all students to library media resources. The school administration and faculty are aware that recent research shows improvement in student learning gains when the library media center is available to the student at the point of need. At ACHS, the library is open from 7:00 AM to 3:00 PM Monday through Friday, except when closed by administration, when needed for testing, or for special events. Students are welcome without a pass before and after school and during lunch, but must have a pass from a teacher during class periods.

In addition to other services, the library staff:

- Makes IDs for all new students and replaces IDs as needed;
- Laminates items for teachers;
- Makes poster-sized prints;
- Make copies and color prints;
- Circulates chromebooks and laptops;
- Schedules facilities usage;
- Supervises groups of students as needed.

The library participates in The Florida Teens Read program which can be accessed at <http://www.floridamedia.org/florida-teens-read.html>.

The library participates in the SDPBC online Battle of the Books which is held each year. Students at ACHS participate by reading at least 3 of the 15 books nominated for Florida Teens Read. The students form groups which practice at times best for students and teachers.

High schools have the option of imposing late fines as students mature and prepare for similar responsibility and experiences in public libraries and university settings; however, in an effort to encourage book checkout, ACHS does not charge late fees. Additionally, ACHS will no longer charge fees for damaged or lost materials, except in the case of circulating devices. If a student leaves ACHS with an outstanding fine, that fine will be transferred through SIS. If a student graduates without paying a fine, their fine will be deleted.

Fines assessed from previous schools or ACHS in other departments (including textbook fines) will not prevent any type of circulation of library materials.

Goals and Objectives

- Goal 1 : Increase the age of and subjects offered for Test Prep collection.
 - Weed out outdated resources.
 - Purchase new resources.
 - Purchase materials beyond ACT/SAT resources, such as ASVAB, AP test subjects, and SAT subject tests.
- Goal 2 : Increase representative titles in the collection from 53% to 55%.
 - Purchase newly published titles that include representation.
 - Weed out older, non-circulating titles that do not include balanced representation.
- Goal 3 : Increase Skills for Learning and Life (SLL) titles from 61% to 62%.
 - Purchase titles that support SLL initiatives such as identity, overcoming adversity, self-awareness, social awareness, character education, and more, which can be seen through a lens of either fiction or nonfiction titles.
 - Weed out older, non-circulating titles that do not support SLL initiatives

Budget and Funding

The library is given a school-based operating budget at the beginning of every school year, receives state monies, and retains an internal account used when other funding is exhausted. The library expects the school-based operating budget to be consistent with years past, and has created the projections below based upon past data. The budget for the 2025 - 2026 school year is expected to be similar to the 2024-2025.

2026-2027 (FY27) projected budget amounts

Scope of the Collection

The Library Media Center manages a comprehensive collection of print, digital, and technological resources selected to support the school's instructional goals and the diverse needs of the student community. The following sections outline the specific formats and equipment currently maintained within the collection.

Formats:

- Print: Hardcover and Paperback Books, Graphic Novels
- Digital: eBooks, Online Databases (District-Licensed).

Special Emphasis:

The collection maintains a special emphasis on books on other languages to support the IB core philosophy, and a collection of test prep printed books.

Digital Resources:

The collection includes District-provided databases and eBooks that expand the local collection and provide students with 24/7 access to high-quality digital content. These resources are vetted at the District level to ensure alignment with state standards and student privacy regulations.

Policy Alignment and Organization:

In accordance with School Board Policy 8.12 (Section 5d), the library media collection is curated to support both the academic curriculum and the personal interest needs (pleasure reading) of the student body.

Furthermore, per School Board Policy 8.12 (Section 8) on the Management of Library Media Instructional Materials, the collection is organized and maintained using the standard Dewey Decimal Classification System to ensure uniform accessibility across the District.

Through affiliation with the public library system, the library is able to extend its collection to provide any major resource needed by a patron. Additionally, students, faculty, and administrators can access materials through interlibrary loan within the school district.

Equipment

To support the school's curriculum and foster digital literacy, the Library Media Center maintains a curated inventory of audiovisual and technological equipment. The lists below detail the specific hardware available to students and staff for instruction, content creation, and daily access.

Instructional Area:

- Computer Lab: 15 Desktop Student Workstations.
- Classroom Technology: Interactive Flat Panel, Document Camera, Sound System.

Teacher Support and Workroom:

- Production: Large Format (Poster) Printer, Laminator, Die-Cut Machine.
- A/V Support: Portable Projectors, PA System, Portable Speakers.

Circulation and Access:

- Devices: Student Laptops/Chromebooks (Daily Loaners), Laptop Chargers, Hotspots, iPads/Tablets (for Student/Staff Checkout)
- Peripherals: Headphones, Webcams, Calculators.

Collection Development and Maintenance

The collection is developed and maintained through a rigorous process of selection and weeding (deselection) to ensure materials remain current, relevant, and in good physical condition.

Selection Criteria:

In accordance with School Board Policy 8.12, materials are selected based on educational significance, need, and accuracy. The selection process prioritizes resources that support the curriculum, foster factual knowledge growth, and reflect the diversity of the global community.

Weeding (Deselection) Policy:

Per Florida Statute 1006.28 and District guidelines, the collection is continuously reviewed. Materials

are removed (weeded) if they are physically damaged, factually inaccurate, obsolete, or no longer circulating. This ensures the library remains a vital, attractive, and useful resource for students.

Selection and Evaluation Criteria

The librarian, a certified educational media specialist, follows the guidelines of the School District of Palm Beach County, which in turn are governed by the Department of Education of the State of Florida, in implementing selection and evaluation measures.

Selection and evaluation policies follow [School Board Policy 8.12](#). The librarian primarily uses reviews in Mackin to ensure all selected materials have at least two reputable reviews. Materials will be age appropriate for grades nine (9) through twelve (12) and will not contain pornography or critical race theory materials, following Fla Stat. 847.012. The collection is searchable by both title and author using the Destiny Catalog platform.

District-Wide “Procedures for Selecting and Developing Library Collections”

[School Board Policy 8.12](#) sets out the procedures for selecting and developing library collections. These procedures are followed District-wide.

District Resources And Services

The School District Library Media Services provides support to school library media center personnel and establishes uniform policies and procedures for school library media centers throughout the District. These services include, but are not limited to:

- Maintaining a professional library collection to assist with recertification and knowledge acquisition on education-related topics;
- Managing the online catalog including the library inventory and circulation software;
- Selecting and making accessible online information databases for reference and research;
- Providing guidance and training to school library media staff in program planning, curriculum development, budget, technology, collection maintenance, facility use and media production;
- Participating in inter-departmental curriculum development, facility planning, personnel staffing, and task forces at the administrative level;
- Managing technical services for acquiring and processing resources for schools;
- Distributing to schools and monitoring categorical and capital budgets allocated for library programs, and
- Fostering a global range of services that facilitate the transformation of school-based library activities to meet the changing needs of an information society.

The School District Library Media Services works in collaboration with other District departments including the Department of Educational Technology to provide selected electronic information, the technology to access it, and the training needed to search and find specific facts efficiently and effectively.

Analysis of the Collection

The collection is developed for and influenced by students, their interests, academic needs, and alignment with the curriculum. The data below is a snapshot of the collection based on a Titlewise Analysis.

			
5821 Items in the Collection	2.3 Items per Student	72% Fiction Titles in the Collection	26% Percent of nonfiction in the collection
Library media resources are curated to include both recently published works and classics that both rightfully impact the average age of the collection.			
	2014 Average Age of the Collection	27% Aged Titles	18% Newer than 5 Years
Library media resources should be representative of the school.		Skills for Lifelong Learning (SLL) library media resources can contribute to character development.	
			
53% Representative Titles in Collection	2016 Representative Titles Average Age	61% SLL Titles in Collection	2016 SLL Titles Average Age

Collection Analysis By Category

The information collected in this section provides a detailed look at the current library collection by classification and genre. The information was gathered from Follett Destiny, the library management system, and Titlewave, the vendor's ordering and analysis tool.

Section	# of Titles	Average Age (year)
Computer Science, Information & General Works	2	2016
Philosophy & Psychology	4	2008
Religion	9	2013
Social Sciences	117	2018
Language	40	2004
Science	18	2015
Technology	10	2014
Arts & Recreation	1175	2012
Literature	75	2007
History & Geography	58	2012
Biography	139	2012
Easy	2	2020
General Fiction	4172	2015
Graphic Novels	1168	2008

Gifts and Donations

Any books gifted or donated to the school must meet the same selection criteria as all other materials. No materials will be added to the collection if they are out-of-date or age-inappropriate simply because they were donated. All gifts and donations must follow the same processes as new book orders.

Collection Maintenance

Inventory and Weeding Cycle:

Per School Board Policy 8.12, the collection is inventoried on a three-year rotational basis. This ensures every item in the collection is physically accounted for, assessed for condition, and evaluated for relevance at least once every three years. FY27: Test Prep and non-fiction titles, FY28: Foreign Language titles, and FY29 Fiction and Graphic novels.

Ongoing Maintenance:

Collection maintenance is a continuous process that extends beyond the annual inventory window. Materials are repaired, relabeled, and deselected throughout the school year to maintain a high standard of accessibility and visual appeal.

Collection Organization and Visual Navigation:

The entire print collection at ACHS is currently arranged by genre, augmented with narrative nonfiction, foreign language titles, and a collection of test prep books. Graphic novels inhabit their own space within the library. Printed nonfiction titles have been removed with the exception of graphic novels, testing materials, and books that read like fiction (narrative nonfiction).

Lost or Damaged Library Materials

In accordance with [School Board Policy 2.21B\(9\)](#) which states: "If a student loses or damages District property, including library books and textbooks loaned to said student, said student shall be required to pay for, replace or repair said district property," students are charged for lost or damaged textbooks and devices. Students will not be charged for lost or damaged library books. Textbook charges are set by District depreciated value. Device damages are \$50/damage, starting with the second broken device (ex. The first damaged device does not result in a charge. The second damaged device results in a \$100 charge. The third and each following charge is an additional \$50 fee.) Lost devices and chargers are based on the most recent Student Device Depreciation report, provided by District IT.

Reconsideration of Materials

Objection Protocols: In the event of a citizen objection to any material within the library or classroom collection, the school shall strictly follow the procedures outlined in School Board Policy 8.1205. Copies of this policy and the Specific Material Objection Form are included in the Appendices of this document for immediate reference.

Status of Challenged Materials: Materials currently under objection shall be managed in accordance with the District's reconsideration procedures. Except where immediate removal is required by state statute (e.g., alleged sexual conduct), no material shall be removed or restricted solely based on an objection until the formal review process has been completed.

Annual Evaluation and Revision of CDP

This collection development plan will be reviewed annually.
