1 Accord Technologies
130c Scott Road
Eatonton, GA 31024
Attn: Michael Edwards

Dear Mr. Edwards:

This is to advise you that your company has been awarded a renewal contract from our **RFP# P25-04, AV Related Equipment Supplies & Services.** The effective date of this contract is March 10, 2026 and terminates on March 9, 2027.

This award is in accordance with the original terms and conditions of the contract and with your attached pricing to remain firm for the entire contract period. This award letter is not an official order.

If you have any questions about this award, please contact Trey Tryan at 770-781-6603 or ttryan@forsyth.k12.ga.us. We appreciate your interest in the Forsyth County School System and your participation in our bidding process.

Sincerely,

Brad Richardson
Director of Procurement Services

adorama.com/education

Entire web catalog is 5% off for AV supplies, etc. except for the following:

Deviations

-5% discount excludes MAP or UPP items (manufacturer's items that cannot be discounted).

-Special rebates or limited promotions where no further discount is allowed.

-Unforeseen vendor or MFR-imposed restrictions or policy-changes.

-Educational institutions must go direct to APPLE for discounts on their products.

No install/labor is being bid.
Dedicated Account Manager will also provide any additional discounts available based on qty, manufacturer discounts, etc.

Free standard ground shipping. Should the items need to be expedited or shipped via freight due to size or weight, there are generally additional costs associated with that.

FORSYTH COUNTY SCHOOL SYSTEM
Purchasing Department

Criteria Six-Cost - Audio Visual Equipment & Supplies

Provide on a separate document your discount structure as it relates to the purchase of AV Equipment and related parts, supplies and accessories. Pricing should include but not be limited to the following categories.

1. Percentage discount offered from a catalog
2. Website discounts offered
3. Category Discounts
4. Manufacturer / Line Card Discounts
5. Store Discounts
6. Shipping Offerings or Discounts to Include Free Shipping
7. Percentage Discounts over cost for designated products or groups if applicable.
8. Quantity/Bulk Discounts Custom Quotes
9. Exclusions
10. Special Line Item or Package Pricing – If your company is currently providing FCS a particular product or product/service and would like to offer a contract price or package price for us to utilize under this contract, please provide that information for us to evaluate along with the other discount information above.

AV Services (Optional)

Labor Rates:	**Normal Time**	**Overtime**
AV Tech	$ 65 / hr	$ 75 / hr
AV Tech Helper	$ 55 / hr	$ 65 / hr
Other: AV Control Programmer	$ 85 / hr	$ 100 / hr
Other: Project Manager	$ 85 / hr	$ 100 / hr

Parts and Rental Equipment

Miscellaneous Parts- % Mark-up for Misc. Parts for Service Work	15 %
Rental Equipment- % Mark-up for Rental Equipment	10 %

Other (List Below if other costs exists)

For custom installation projects, the category options above do not include all associated services required for more complex projects. Additional services we provide include design, system commissioning and tuning, training, and additional post installation support. During the quoting phase, we will communicate all additional services included with the customized quote for the system proposed.

Criteria Six - Cost - AV Equipment & Supplies

Nisewonger AV is a technology equipment value-added reseller and systems integrator. We provide AV technology solutions to the education market. As a result of this, we work with many different manufacturers and suppliers to ensure that we can provide the very best and most affordable technology equipment to our education customers.

We will provide Forsyth County Schools with the most affordable prices possible. To provide the best prices, a range of discounts will be applied. The discount range will be from 3-45% off list pricing depending on the manufacturer. Each manufacturer has their own MSRP pricing standards and dealer discounts associated with this. We can offer additional discounts to our customers because they are education / government facilities. All percentage discounts offered below are based on special education pricing.

Nisewonger AV has two website addresses, one focused on general information and one as an online e-commerce store. Our general website, www.nisewongerav.com, gives general information pertaining to who we are as a company as well as our project portfolio. Here you can find projects that we have completed for Georgia K12 Schools. Our e-commerce website store, store.nisewongerav.com, is our online product catalog.

To provide Forsyth County Schools with the best possible pricing, we will be giving a percentage off of list price per manufacturer as shown in the attached table.

1. Percentage Discount offered from a catalog
    a. Since Nisewonger AV is a value-added reseller and integrator, we do not have a single company catalog. Our online catalog, our website, shows a wide variety of products we sell and install. We can also provide any available manufacturer catalog to the district if awarded this bid contract.
2. Website discounts offered
    a. Our website products will carry the same manufacturer discount as shown in the table attached. Pricing on our website typically reflects list pricing, so the discount percentages given in the table will apply to those list prices.
3. Category Discounts
    a. Please see the manufacturer equipment table attached. This shows AV categories as well as manufacturers of products under these categories. We offer discounted pricing based on the specific manufacturer.
4. Manufacturer / Line Card Discounts
    a. Please see the manufacturer equipment table attached. This shows AV categories as well as manufacturers of products under these categories. We offer discounted pricing based on the specific manufacturer.
5. Store Discounts
    a. Nisewonger AV does not have a retail store location.
6. Shipping Offerings or Discounts to Include Free Shipping
    a. We offer free shipping on most of our products we sell. Since we do not drop ship products direct to your facility, we typically do not charge shipping. The discounts

shown will be Forsyth County Schools discount and include any shipping or manufacturer fees.

b. The only exception may be customized furniture or products. That will typically require a separate quote and we will communicate directly with the school or facility if there is any shipping or freight charges.

c. Since we deliver and/or install the majority of our products, we do not charge extra for inside delivery.

7. Percentage Discounts over cost for designated products or groups if applicable.
    a. Since the majority of our products are given manufacturer list pricing discounts, we don't typically charge a cost plus model. The exception to this will be the services category. In cases where we are called to service an existing system, we may need miscellaneous parts, cables, connectors to repair a system. In the event this happens, we will follow the miscellaneous parts % mark-up section of this bid. We can follow all requirements here in these rare cases.
8. Quantity / Bulk Discounts Custom Quotes
    a. In most instances, a project will require a custom quote. Landon Harris will be your sole point of contact for this contract. He will schedule with the district or school official to do a site visit to gather information regarding the system needs and desires. Then, he will personally prepare a system quote to share with the school and/or district. We will use all manufacturing discount structures as shown in this bid contract.
    b. For larger quantities of single items purchased, we will consider a bulk discount rate depending on the manufacturer and total quantities. We can offer a tiered discount structure as well. Our goal is to work with Forsyth County Schools to put together the best system or equipment that we can with the best pricing possible.
9. Exclusions
    a. There are no exclusions for this bid. In the event that a manufacturer is not listed in the table below, we will work with Forsyth County Schools to add this to the comprehensive list once we have settled on the appropriate discount structure.
10. Special Line Item or Package Pricing
    a. We currently do not have a specific Forsyth County Schools package solution. However, if we are awarded this bid contract, we are happy to discuss several AV solutions for the district and offer a discounted packaged solution for your schools. We have worked with other districts to do this for a variety of educational technology solutions. These solutions include the following:
        i. Cafeteria audio system packages
        ii. Gymnasium projection system packages
        iii. Interactive flat panel classroom system packages
        iv. Mobile interactive flat panel package
        v. Digital signage solution packages including display and DS player device
        vi. TV installation packages including mounting hardware
        vii. Conference room virtual meeting packages
        viii. Broadcast video packages for elementary, middle and high school levels
        ix. Culinary room video monitoring packages
        x. Cafeteria lighting system packages
        xi. Cafeteria projection system packages

xii. Gymnasium audio solutions
xiii. Acoustical sound paneling solution packages

Added Value

1) *Design Services*

Nisewonger AV provides design services for technology and furniture as it relates to educational environments. We have experience in designing learning commons (media centers) upgrades/renovations for furniture and technology as well as broadcast video studios that are being renovated from previous use classrooms. We can also fully design culinary spaces including all kitchen cabinetry and counters as well as mobile workstations within this space. We will offer these services at no extra cost to Forsyth County Schools. This includes providing 2D and 3D drawings/renderings of the space to include flexible furniture and technology related items as it relates to the overall design of the space. Being a technology company that also provides space design with furniture and layouts gives us a distinct advantage in the marketplace and provides our customers with value-added services.

2) *AV System Design*

We strive to provide our clients the best overall value taking into consideration the price of equipment, quality, history of technical issues, inventory, design, and any other data that would prove beneficial in our overall AV system design. We are careful to attend to every detail of the system design so our clients can feel confident of the system they are purchasing. We can provide full system AV signal pathway drawings if required by Forsyth County Schools.

3) *Turn-Key Installation*

Nisewonger AV provides turn-key installations to our clients. This is a great benefit to our clients who are looking for a complete and comprehensive solution from one company. This saves time, money and frustration during the overall process. We ensure that all details are taken care of upfront and included in our system proposals. We are careful to clearly communicate the scope of the project and let the client know that the project is a turn-key installation.

4) Warranty / On-going support

Nisewonger AV offers a 3-year service and support warranty on ALL AV systems that we design and install. This means we will service any system we install for 3 years after the date of installation at no added service cost to Forsyth County Schools. You will not receive a service bill for any work done within that 3 year period. As for equipment, we will follow the manufacturer warranty period on all equipment in the system. This may vary by manufacturer, but we will clearly communicate the warranty of such equipment if there are any issues.
